

Wallace Says Foes Won't Help South

By JULES LOH
Associated Press Writer
BEAUMONT, Tex. (AP) — George C. Wallace, going into the final week of his fight for the presidency, asserted neither Republican candidate Richard M. Nixon nor Democratic nomi-

nee Hubert H. Humphrey represent the South.
"We can't nominate a Southerner for president or vice president on either of the national party tickets," third-party candidate Wallace said Monday night. "And we don't get representation from those who are nominated."

The former Alabama governor drew cheers from his audience in this port city on the Gulf of Mexico when he blamed the Democrats and Republicans at another point for what he said was neglect of the U.S. maritime fleet.

During an earlier speech in Hannibal, Mo., a sharp-edged rock the size of a fist sailed from the crowd of about 3,000 and fell about 12 feet in front of Wallace.

"I don't mind speaking here," Wallace said, "but when you start throwing rocks that size, well..."

Two eggs also were hurled at Wallace, along with an assortment of pennies, pebbles and small sticks. None hit him.

There was only a handful of dissenters in the crowd at Hannibal. Two of them, both Negroes, were hauled away by police after a shoving match with a Wallace supporter.

In Beaumont, three Negroes were yanked from the crowd, handcuffed and taken away in a police car, and during a brief airport speech at Quincy, Ill., police removed a protester dressed in hippie garb.

In all three of his appearances Monday Wallace continued his attack on the Gallup Poll, which claimed in its latest report that Wallace's popularity had slipped from 20 per cent of the electorate to 15 per cent.

Wallace insisted the size of his crowds during the past week indicated that the opposite was the case. He also accused newsmen of underestimating the size of his crowds.

"Our movement is going good, regardless of what the pollsters say," he told the Beaumont audience. Then, turning to the press corps, he said sarcastically, "Now you newsmen write about these 200 folks here being unenthusiastic."

The crowd numbered from 13,000 to 15,000 and was unmistakably pro-Wallace. It even lacked any of his accustomed hecklers.

Hurry With Halloween Cards, Thanksgiving Just Around Corner

By JOY STILLEY
For Hal Boyle
NEW YORK (AP) — Have you sent out your Halloween cards yet? Better hurry and get them in the mail because almost before the ink is dry on the envelopes you'll have to start addressing your Thanksgiving cards.

At one time all I had to do to meet my social obligations was to dispatch Christmas and birthday cards to my friends. For remembering anniversaries I got extra points.

Now you can find greeting cards for every occasion, plus an occasional card for which there is no occasion. As long as the stamps and the writing arm hold out, you can send sentiments covering all eventualities. There are offerings appropriate for everything from extending sympathy to an invalid laid up with a broken small toe on the left foot to those congratulating the lucky guy who won the office football pool.

In between are cards saying hello, goodbye, thinking of you, have a good trip, good luck in your new apartment, why aren't you thinking of me?, take me along, welcome back, missing you, congratulations on the new car, please write, to a secret pal, good luck as you start your new job, good luck as you leave your old job.

These are around all the time, but in season you'll have your pick of sweet, sentimental, sick, nasty and humorous cards commemorating every holiday from Easter around the calendar to groundhog day.

Birthday wishes are strictly categorized—you don't just pick one that says "Happy Birthday" and let it go at that. There are special ones for mothers, fathers, husbands, wives, aunts, nieces, nephews, cousins, grandchildren, friends, friends of friends, mothers of friends, friends of mothers, teachers, bosses and members of the office typing pool.

Others are available for those whose natal day coincides with your own, who were born on a holiday or who are twins. It isn't on display, but I'm sure my neighborhood stationery store has a "Best Wishes to the Quintuplets" card tucked away in some rack.

With everything already said in print, letter writing will soon go out of style. So far I haven't come across a card that says: "I'm fine; send money," but when they get that one in production college bookstores will have a best seller.

Cosmonaut Circles Earth 4th Time

MOSCOW (AP) — Soviet cosmonaut Georgy Beregovoy circled the earth for the fourth day today in his Soyuz 3 spaceship and Tass reported he "feels well and his capacity for work remains at a high functional level."

Beregovoy reported in a radio session that all his support systems on the craft were working normally. He said he had a good night's sleep, did his exercises, had breakfast and "went ahead with the flight's program," the Soviet news agency reported.

There was no announcement of how much longer the flight would last or what further maneuvers would be attempted. Specific objectives are seldom disclosed in advance, so if they are not accomplished, there is no need to admit failure.

After being launched Saturday, Beregovoy made two approaches on Soyuz 2, an unmanned spaceship. But Soyuz 2 was brought down Monday without any linkup being made.

The United States accomplished the first docking between a manned spaceship—Gemini 8—and an unmanned spaceship on March 16, 1966, and duplicated the feat several times afterward. The Soviet Union has never matched this, though last Oct. 30 it carried out a docking operation between two unmanned spaceships and repeated it once later.

The Soviet Communist party newspaper Pravda said one purpose of the Soyuz 3 flight is to develop docking systems.

HHH Going After Votes for Wallace

By JOSEPH E. MOHBAT
Associated Press Writer
PITTSBURGH (AP) — Voicing confidence in the home-stretch of his presidential drive, Vice President Hubert H. Humphrey campaigns today among the working men of Pennsylvania in hopes of keeping their votes from George C. Wallace.

Directing his attack toward the third-party candidate, Humphrey asked in remarks prepared for a factory visit:

"Can he really run the government? Can he keep our economy strong? Can he keep the workers on overtime and off unemployment lines?"

"He couldn't do it in Alabama—and I say he couldn't do it as president of the United States."

As Humphrey combs the populous eastern industrial states in the waning days of his campaign, he is devoting less and less time to serious discussion of national issues. His speeches are pep talks, virtually identical from one stop to another, given over heavily to attacks on his chief rival, Republican Richard M. Nixon.

The vice president spent long hours in an automobile on the backroads and turnpikes of northern Ohio Monday.

The day's best crowds came at the end. Several thousand greeted him at a rally in an airplane hangar when he arrived in Pittsburgh around midnight.

An estimated 7,000 persons turned out earlier in a shopping center near Cleveland to hear Humphrey boil the last week's campaigning down to a single issue: "Whom can you trust?"

"Trust between the president and the people only exists when a man is unafraid to face the people. But Mr. Nixon, the man behind the balloons, won't debate; won't take his case to the people, and thinks he can buy the White House with a Madison Avenue ad campaign."

Humphrey also kept a secondary target in sight—Nixon's running mate.

"Mr. Nixon's first appointment was Spiro T. Agnew, the man he wants to stand a heartbeat away from the presidency in a nuclear age," Humphrey said. "The sad fact is, my friends, that one president over every three in the past 50 years has not lived out his full term of office. Are you really willing to trust this country to President Agnew?"

As Humphrey campaigned today for Pennsylvania's 29 electoral votes—third highest among the states—he issued a statement pledging government support to industry in eradicating unemployment.

The position paper on employment called for expanded job opportunities in the public sector and emergency legislation under which the federal government would finance a major part of the task of providing unskilled workers jobs with state, local, or private, nonprofit agencies.

Richard M. Nixon. He described himself as a "Kennedy Democrat" but said he came to the conclusion that Nixon "was the most qualified, the most experienced and the most consistent."

Hope Lions heard history and present day facts about the National Guard at its regular noon luncheon Monday at Town & Country.

Major James Hickey of Hazen was speaker on a program arranged by Claud Byrd. Major Hickey is attached to the State

Headquarters Department in charge of civil defense.

The National Guard started as trained groups of civilians who protected their villages and communities even before this nation for formed and have a proud 300 years of service both of a military nature and of aid

took an eight-car special train to Bratislava, the Slovak capital. There they were to continue the golden jubilee celebration of Czechoslovakia's independence and to attend the signing by Svoboda Wednesday of the law creating semiautonomous Czech and Slovak states joined in a federation.

The Prague part of the celebration produced an outpouring of patriotic fervor Monday that included demonstrations and parades by up to 10,000 persons chanting "Russians go home" and other slogans attacking the presence of the Soviet troops who invaded the country in August.

"Freedom!" the crowds cried. "They have the tanks, we have the truth!" "Russians go home!"

Youths carrying red, white and blue Czechoslovak flags roamed from the seat of government at Prague Castle to the Soviet Embassy, a Soviet district command post, a Red Army officers' billet and the National Theatre, where they delayed a gala performance of a patriotic opera attended by Dubcek and other leaders.

The East German news agency ADN said some burned Soviet newspapers and "spat on and threatened" cars of the Soviet and East German embassies, but there was no reaction from Russian troops.

In time of disaster such as floods, tornados, explosions, etc.

The local and statewide financial benefits from having the guard is impressive. Some 83 members of the Hope unit draw \$27,000 annually. Statewide \$1,652,532 were spent for supplies and services; \$2,301,142 for annual field training payroll; \$4,100,203 for technicians; \$5,675,840 for armory drill and \$683,320 for other training.

In Arkansas there is an investment of \$5,731,919 in grounds and buildings and \$28,324,526 worth of equipment. Mr. Hickey held a question and answer period after his presentation.

Mel Thrash was a guest.

Calendar of Events

TUESDAY, OCTOBER 29

The Jett B. Graves Class of the First United Methodist Church will have a Halloween and Tacky Party with a potluck supper Tuesday, October 29 at 7 p.m. in the home of Mrs. Bonnie Lively. Co-hostesses, Mrs. Dorothy Gilbert, Mrs. Ruth Wilson, Mrs. Rose Hawthorne, Mrs. Doris Walden, and Miss Elsie Schaefer, will furnish the meat and beverage.

WEDNESDAY, OCTOBER 30

The Youth Choir of the First Presbyterian Church will practice at 3:45 p.m. Wednesday, October 30.

SUNDAY, NOVEMBER 3

Sunday, November 3 the guest minister at the First Presbyterian Church will be the Rev. John T. Rorex, who resigned his pastorate in Texarkana recently to serve in the Little Rock area as Urban Missioner. Those who heard him on his previous visit know that he is one of the best preachers to fill our pulpit.

There will be a Training School for Leaders for the Witness Season January thru March at the First Presbyterian Church Sunday, November 3.

A reception for Claude Hollis of Patmos will be held on his 81st birthday Sunday, November 3 in the home of Mrs. Allie Shearer in the Crossroads Community. Friends and relatives are invited from 2 to 5 p.m., and no cards have been sent. Mrs. Mary Dale Bressler of Hibbing, Minn., daughter of the honoree, will be among those receiving the guests.

BRIDGE CLUB MEETS

Mrs. C. C. Lewis entertained her Friday Bridge Club on October 25, and the two tables of players included two club guests, Mrs. F. R. Moses and Mrs. Rob Jones.

When scores were tallied, Mrs. Moses and Mrs. R. E. Cooper were high. The hostess served pie a la mode and coffee for refreshments.

WINNERS IN TOURNAMENT

Homer Beyerly and Mrs. Albert Bray of Lewisville took first place in a mixed 4-ball golf tournament held at the Hope Country Club on Sunday, October 27.

L. L. "Jack" Webb and Mrs. E. E. Wassell were second, and Walter Wilson of Lewisville and Mrs. L. L. Webb were third. There were 16 players.

A dried arrangement of flowers and leaves centered the serving table at the club house, where a potluck supper followed the tourney. Mr. and Mrs. John Beatty and Mr. and Mrs. John Kitchens, all of Lewisville, were supper hosts.

ROCKY MOUND EXTENSION CLUB MEETS

The Rocky Mound Extension Homemakers Club met in the home of Mrs. Fay Bright for their October meeting. Mrs. Floyd Pharris called the meeting to order with Thought of the Month.

The hostess read the devotional from Psalm 100. Be Careful With Ash Trays was the Eye Opener. Mrs. Aaron presented the lesson on Safety in the Home.

Minutes and treasurer's reports were given. Old and new business was discussed.

The meeting concluded with all repeating the Homemakers Prayer. Refreshments were served to ten members by the hostess. The next meeting will be in the home of Mrs. Opal Byers. An all day meeting is planned.

Coming, Going

Mrs. Harold Harris and 4 children, Elgin, Ill., are visiting Mr. and Mrs. A. A. Smith and other relatives.

Mr. and Mrs. Arch Wylie and Mr. and Mrs. Charlie Scott of Little Rock attended the wedding of their nephew, Tom "T-Bo" Roberts, and Miss Donna Rose in Brenham, Tex., near Houston, last Saturday.

Mr. and Mrs. C. A. Turner of Chicago visited here last week with his sister, Mrs. Dewey Camp.

Mr. and Mrs. L. L. Webb have returned home from Laredo, Tex., and a visit with Sgt. and Mrs. Henry Farmer and family.

Mr. and Mrs. Dudley Fish and 4 daughters, Pine Bluff, were the weekend guests of the Matt McCauley family.

Webb Laseter has returned from Rochester, Minn., where he had a check-up at the Mayo Clinic, Monday.

Mrs. Analee Roberts of Perrytown, Mrs. Velma Collier and Mrs. Riley Lewallen motored to Bridge City, Tex., last Thursday to visit Mr. and Mrs. Paul Patterson and family and the Rev. and Mrs. Richard Lewallen and family. They also went to Groves, Tex., to see the M. R. Neels.

DOCTOR'S MAILBAG

Q—What causes shingles? Is it the same as herpes zoster? What does it look like? Is it serious? Is it contagious? What is the best treatment?

A—Shingles or herpes zoster is seen chiefly in adults who have had chicken pox. It is usually caused by a reactivation of the chicken pox virus after it has been quiescent for many years. The lesions, a series of painful blisters, follow the course of a nerve that runs close to the skin surface. Any part of the body may be

Engagement Announced

MISS CLAUDIN ANN MORGAN

Mr. and Mrs. James B. Morgan of Stephens, Arkansas, announce the engagement of their daughter, Claudin Ann, to Mr. James Robert Griffin, son of Mr. and Mrs. Robert Griffin, of Fulton, Arkansas.

Miss Morgan is a student at Ouachita Baptist University, Mr.

Griffin is a graduate of Southern State College and is a teacher at Sparkman, Arkansas.

The wedding will take place Saturday, December 21, at 7:30 P.M. in the First Baptist Church of Stephens. No cards will be sent.

involved.

Serious complications are very rare. The disease is contagious only in the period just before the blisters appear and during the first three days of the rash. The treatment consists in making the victim as comfortable as possible. Bed rest is not necessary. Aspirin and codeine are given for the pain. Bandaging the lesions after applying a thick layer of zinc oxide ointment greatly reduces the pain.

Q—I had a bad attack of shingles two years ago. It left the involved area scarred and the burning and itching are unbearable. What can I do to get relief?

A—This is a common problem. Shingles often leaves nerve endings trapped in the resulting scar tissue. This is a form of neuritis. If the discomfort is severe, cutting the affected nerve, or injecting it with hot water, will give relief. No other treatment is satisfactory.

Q—My blood pressure is about 105. Would that cause me to be cold and tired all the time?

A—An upper reading (systolic blood pressure) of 105 is not abnormally low and should augur a long life unless your doctor finds that it is caused by anemia or a thyroid deficiency. It would not cause you to feel cold or tired but the two diseases mentioned might.

Q—My blood pressure sitting is 130/90, but standing it drops to 60/32. I've been taking Dexamy for two years. Is there any other drug that is better?

A—Since Dexamy, an appetite suppressant, may cause an increase in your blood pressure, it is not the cause of your standing pressure falling to shock level. As it contains a barbiturate it may be habit-forming. Have your standing pressure checked again, try to keep your weight down by reducing your food intake and skip the drugs.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — This is the time of the year when under normal conditions people employed by television networks suddenly start talking a lot about "Father Knows Best" and "The Dick Van Dyke Show."

"Sure, 'He and She' isn't getting good ratings," they were protesting last season at this time. "But remember that 'Father Knows Best' had a terrible time with the ratings at first and finally caught on."

"Yes, 'Accidental Family' isn't doing at all well, but give it time. After all, 'The Dick Van Dyke Show' was actually canceled when its ratings started to go up and you know what happened after that."

Both 'He and She' and 'Accidental Family' departed because audience help never arrived. But this season, although it is easy enough to spot the hits, the misses are more difficult to recognize.

The reason is a busy, confusing combination of paid political broadcasts, variety or dramatic specials and even professional football games in prime evening time—all of them pre-empt the regular series and affect others.

Sometimes these pre-emptions cause mysterious increases in flagging ratings. For instance, "The Beautiful Phyllis Diller Show" on Sunday nights seems to be one of the soft spots in the NBC schedule. In a Nielsen report issued Monday, however, it ranked 12th in popularity in a

list of 97 programs, in the previous report a week ago, it was 68th in a list of 90. Its rating zoomed from an anemic 12.9 to a blooming 22.3.

The reason? "Mission: Impossible," its CBS competition, was pre-empted for a political broadcast, so a lot of people who normally watched the adventure show tuned in the NBC show. And, in addition, NBC had announced that it would interrupt the Diller show as soon as it received film of the Kennedy-Onassis wedding.

A couple of weeks ago, NBC's "Ironside" took a dramatic nosedive in the ratings. It turned out that about three dozen stations that normally broadcast the program had pre-empted its time period for a regional political broadcast.

No one connected with a current program, including network executives, will ever admit that any series is wasting away for the simple reason that it is a lousy show that people tune out. TV shows, to hear them defend them, suffer because of circumstances—running against powerful feature movies, against an established, popular show, shown at a time when the audience is otherwise occupied or following a program that chased viewers to other channels.

Whatever the causes, some new and some old programs appear to be in trouble. Among them are ABC's "Ugliest Girl in Town" and "The Don Rickles Show," CBS's "Daktari" and "Blondie" and NBC's "New Adventures of Huck Finn" and "Star Trek." All these—and several more—appear regularly on the loser's end of the weekly Nielsen list.

"Rowan and Martin's Laugh-In" continues to be the ratings champ in the weekly show category. In the new report it was topped only by Bob Hope's comedy special, and few programs can ever beat Hope. "Julia" continuing to hold its place in the top 10, now seems securely established as the season's biggest hit.

STEPPING OUT in high fashion, these German models show creations of Munich designer Heinz Oestergaard, who used black fur to add elegant touch to a culotte outfit and a mid-length dress.

HELEN HELP US!

by Helen Bottel

ARE SINGLE GIRLS DISCRIMINATED AGAINST?

Dear Helen: What have people got against single girls who live in apartments? They think you are no good because you live alone. Fellows you meet expect you to invite them up for a party—for two! When you don't play that way, they drop you.

Married women are afraid of you—they think you're after their husbands just because you work with them at the office.

You don't have much social life because the single girls you meet end up getting married, and they drop you fast. You are now a "threat."

Should I become the swinger I'm supposed to be, or marry the first dull guy who asks me, to escape. I like my job and am going up. I'm not especially anxious to get married, but I'd like some comparatively clean social life. Any suggestions? — CAREER GIRL

Dear Career Girl: Your city has a "Spinners' Club" for young unmarried women. Get the address at your library and apply for membership. (Seems to me they should change that title to "Career" or "Bachelor" Girls Club. Perhaps you skipped over it because you didn't like the connotation.)

Or maybe you might find an apartment in one of those complexes for young unmarrieds. They sometimes swing, but you can make your own rules.

Enrollment in evening college classes often puts you with the right crowd, for these are the "serious singles."

Mainly, remember that many others feel as you do. Stop assuming "everybody" is either against you or out to take you, and you'll find them! — H

Dear Helen: I wrote several letters to Vietnam Mail Call and never got one answer. If the fellows in the Service want mail so bad, why don't they answer? — WRITERS CRAMP

Dear W.C.: You can be sure your notes are read, and read—and saved—but Servicemen are like other men: Letter-writing comes hard for them. When they're tired, discouraged, hurting, they'd rather read up beat mail than describe how "beat" they are.

Your support and appreciation tell them someone cares, and this should be your main reason for writing. When you get an answer, it's an added dividend—and you will, if you keep sending interesting, humorous, newsy letters that make the reader think, "I'd like to know HER better!" — H

Note To All Of You Who Ask For Soldier Pen Pals: I relay your letters to Vietnam Mail Call, Box 3104-A, Columbus, Ga., where they're shipped overseas. Don't forget to send your Christmas cards to Servicemen there, and enclose a nickel with each card for postage. Schools, churches and clubs may collect and send boxes of cards, with postage money in a separate envelope. Be sure to put your name and address on each card. — H

Dear Helen: I met a Yale man at a resort this summer. After the second date, he said, very

casually, "Why don't you move in with me?" His theory is that it's more natural for the opposite sex to live together than for two girls, or two men, to share an apartment. He says everybody does it where he comes from, and girls in the middle west are "repressed." What do you say to a guy like that? — REPRESSED OR SMART?

Dear R or S: Tell him "repression" has nothing to do with it: The name of the game is still "ladies' choice," and the lady doesn't choose!

Okay, let's hear it from New Haven. Does "everybody" cohabit back there, or is the Yale man more wishful thinker than reporter? — H

Actress Loses \$11,000 in Furs

INDIANAPOLIS, Ind. (AP) — Actress Vivian Blaine told police Monday more than \$11,000 in furs, jewelry and other articles were stolen from her hotel suite.

Miss Blaine, appearing in "Don't Drink the Water" at Clowes Memorial Hall, said missing articles included a white mink furpiece, a ruby pin, other jewelry and two blonde wigs used in the play.

Arkansas Dips to 17 in Poll

By THE ASSOCIATED PRESS
Ohio State, Kansas and Penn State, top challengers to Southern California's defending college football champs this fall, might have trouble Saturday holding their 2-3-4 spots in the national power structure.

The Trojans, who had last weekend off, increased their lead in The Associated Press poll Monday. They return to action Saturday with a visit to Oregon, and the Ducks don't figure to stop O.J. Simpson & Co. from reeling off their sixth victory without a loss.

But Ohio State's Buckeyes, who held the No. 2 spot although pressed by Kansas and Penn State, face a stiff test when they entertain 16th ranked Michigan State in a Big Ten Conference bout.

The Spartans upended Notre Dame 21-17 last Saturday and virtually ended any national title hopes of the Fighting Irish, now 4-2.

Kansas, meanwhile, meets powerful Colorado in a Big Eight Conference struggle and Penn State takes on Army in a battle of Eastern powers.

Southern California picked up 24 first place votes—an increase of three over the previous week—in the AP poll of 43 sports writers and sportscasters. Ohio State, 5-0, received 12 first place ballots, compared with 15 a week ago. Kansas, 6-0, got six firsts and Penn State, 5-0, one.

The Buckeyes outscored Illinois 31-24. The Jayhawks drubbed Iowa State 46-25 and the Nittany Lions bounced Boston College 29-0 last Saturday.

Tennessee, Purdue and Georgia each moved up one notch to the Nos. 5, 6 and 7 spots, the unbeaten, once-tied Vols replacing Notre Dame, which fell to No. 12. They go after their fifth victory Saturday at Knoxville against rugged UCLA.

Purdue whipped Iowa 44-14 for a 5-1 season mark and Georgia trimmed Kentucky 35-14 for its fifth in a row after an opening deadlock with Tennessee.

Miami, Fla., and Syracuse bowed to Auburn and California, respectively, and tumbled out of the Top Ten along with the Irish. Michigan took over the No. 8 spot; Michigan advanced to ninth and Missouri grabbed the final spot in the Top 10. Each is 7-1.

The top 20, with first place votes, records and total points:

Porkers Are Working on Defense

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks' defensive unit, preparing for Texas A&M's explosive offense, worked out in pads Monday.

"We felt we needed the extra fullback Bruce Maxwell, two of work on all the things A&M Arkansas' walking wounded, does, so the defense worked would play against A&M. He in pads," said coach Frank classified defensive halfback Broyles. "We just worked on Gary Adams as a 'question fundamentals and were looking mark' and tailback David Dickey as 'maybe.'"

War Again Between NCAA, AAU

WASHINGTON (AP) — With the passing of the Olympics has gone the short peace that prevailed in the track feud between the nation's colleges and the Amateur Athletic Union, and the war is on again.

The U.S. Track and Field Federation, an arm of the colleges, has plans to sponsor as many as seven major indoor meets this winter in defiance of the AAU.

Any college athlete running in an AAU meet is threatened with loss of the rest of his campus eligibility, starting this weekend. "Our stand has become more solidified than it has ever been before," said USTFF President E. Wayne Cooley.

The colleges had declared a truce last April in their long war with the AAU so the feud would not interfere with the Olympic Games in Mexico City. The truce runs out Thursday.

The AAU has been the traditional governing body of open track meets in this country. But the colleges, which supply most of the athletes, argue that they have a responsibility to determine whether proper conditions are met for off-campus competition by their students.

A two-year U.S. Senate effort to work out a compromise was spurred by the National Collegiate Athletic Association and the USTFF last spring because the proposed settlement would have left the AAU in control.

The NCAA has announced that, effective Friday, any school sending athletes to an outside meet not certified through the USTFF will be penalized. And the schools will be expected to strip the college eligibility from any athlete competing on his own in defiance of the NCAA ban.

At the same time, the AAU long has threatened to take the international amateur eligibility away from any athlete who enters an unapproved USTFF meet.

Cooley, of Des Moines, Iowa, shrugged. "They have been throwing threats about idly for years. They threaten, but don't do anything about it."

The college-backed organization has scheduled the Astro-dome Relays in Houston Jan. 24-25, plans a National Invitational meet in Madison Square Garden in New York Feb. 7, will sanction the Herald-Examiner Track Classic in Los Angeles Feb. 15, and has slated its own National Indoor Championships for the Milwaukee Journal meet March 8.

The first USTFF meet to test the AAU's temper will be its National Cross-Country Championships in New York City Nov. 28.

A special Sports Arbitration Board set up by the Senate in 1965 and appointed by Vice President Hubert H. Humphrey failed to solve the fight earlier this year.

at their plays."

Broyles also said he was disappointed with the Razorbacks' kickoff returns and that they would be given special attention the rest of the season.

Broyles said offensive tackle Webb Hubbell, tight end Mike Sigman and safety Terry Stewart would be captains for Saturday's game at College Station, Texas A&M's explosive offense, Tex.

He also said that Hubbell and "We felt we needed the extra fullback Bruce Maxwell, two of work on all the things A&M Arkansas' walking wounded, does, so the defense worked would play against A&M. He in pads," said coach Frank classified defensive halfback Broyles. "We just worked on Gary Adams as a 'question fundamentals and were looking mark' and tailback David Dickey as 'maybe.'"

Although they picked up 276 yards total offense, the Hope "B" Lizards still had to fight off two Arkadelphia drives late in the game to preserve a 7-7 stalemate last night at Hammons Stadium.

Both touchdowns came in the first half, when Hope exercised beautiful ball control. In the final two quarters, though, the visitors ran quite a few more plays than the "B" Lizards.

The tie moved the local team's record to 5-2-1, and they close the '68 campaign on November 11 in Magnolia.

Receiving the opening kickoff, Hope moved beautifully on the ground to their only score. Slotback Dillon Whellington contributed gains of 11, 9, and 12 yards to the drive, and Danny Reyenga nearly broke away on a 27-yard dash to the Arkadelphia ten.

On the next play Whellington broke around left end on a sweep, and followed his blocks perfectly for the ten yards into the end zone, capping the seven-play drive. Gary Jones kicked the PAT, and with 7:33 left in the first quarter Hope led 7-0.

The next time the "B" Lizards got the ball they moved the pigskin well, but 20 yards in penalties forced them to punt a mid-field. Still Arkadelphia couldn't go on offense, but again penalties and losses nullified long gains on the end sweeps Reyenga and Whellington.

Finally, Badger QB Thad Shirey got his arm unwound, and completed passes of 32 and 12 yards as Arkadelphia moved 50 yards to the Hope 13 in three plays.

Fullback Jackie Yeager ran twice to the five, but an incomplete pass made it 4th and 2 from that point. On the big play, the middle of the Hope defensive line was ruled off-sides. That made it first and goal from the three, and two plays later Shirey sneaked over from the one.

Jim Hurley's successful kick tied the score at 7-7 with 2:22 left in the half, and the teams settled into a permanent defensive battle.

Arkadelphia took the second-half kick and moved to the Hope 26, but lost it on downs with 8:07 left in the third period. Now the "B" Lizards controlled the ball in moving down the field for seven minutes of playing time, but they couldn't push across the TD.

Those sweeps kept working, and Whellington picked up a crucial first down on what started to be a halfback pass. Earlier in the game he had hit end Simmons Smith on the play for an apparent 44-yard TD, but Hope had an ineligible receiver downfield on that one.

At last the "B" Lizards had a first and ten at the Arkadelphia 15, but that was as close as they were to come. QB Ronny Massaneli was hit for a ten-yard loss while trying to pass, then gained two yards when his receivers were covered.

On fourth down Ronny threw incomplete to Reyenga, and the Badgers took over at their 21. On the third play of the last quarter they fumbled, and Hope defensive end Charles Rateliff immediately jumped on the bobbie at the Arkadelphia 41.

Trying for the bomb on first down, Massaneli suffered his only interception. The visitors now put up a bonafide advance, with passes of 33 and 17 yards taking them to the Hope 35. They got down to the 30, but tackle Mike McQueen broke through and hit Shirey for a six-yard loss which eventually stifled the drive when Arkadelphia was held on downs at the 42.

Unable to move, Hope punted to Arkadelphia 30 with 0:48 on the clock. Three quick completions took the ball to the locals' 34, but McQueen came through once more on the last play and hit Shirey for a 13-yard loss.

Whellington rambled to impressive 131 yards on 15 carries, but Reyenga was close behind with 133 runs netting 88 yards. Wrapping up the list of leaders was Gary Jones, who went 4-26. Jackie Yeager was the Badgers' leading gainer with 17 carries for 79 yards.

So now the Bobcats come back together for this afternoon's workout, after only the starters worked out yesterday. With a 2-5-1 mark the Cats look to Cammen's Panthers, who have been one of the hottest teams around in the past weeks.

The Bobkittens work out in full pads for the last time today, as they close out their season on Thursday night at Fairview. Tomorrow's will be a tapering-off practice, and the Kittens seem to be in top shape.

Mrs. Larry Burns, Jonesboro, responded to the welcome when the State Audubon Society met here last weekend.

H. H. Shugart, El Dorado, vice-president of the Arkansas Audubon Society, reports the bird count at 119 last weekend.

Harry Shiver, president of the Hempstead Audubon Society, welcomed the visitors to Hope.

Sterling Lacy, president of the Arkansas Audubon Society, addresses the State group.

Dr. Herbert Rogers of the Hempstead Society explained the tours planned for State Audubon Visitors.

Cecil Bittle illustrated his "About Nature" discussion with color slides.

Jones Boys Prove to Be Spoilers

By THE ASSOCIATED PRESS
The Jones boys and Jackie Moreland were the spoilers for New Orleans in the Houston Mavericks' American Basketball Association season debut.

James Jones and Moreland each scored 24 points and Steve Jones added 21 as the Buccaneers toppled the Mavericks 115-105 Monday night in Houston.

Other ABA teams and all National Basketball Association teams were idle. Guy Manning paced the Mavericks scoring with 22 points.

Hall Keeps First Place in Grid Poll

By THE ASSOCIATED PRESS

Little Rock Hall took over the top spot in the Associated Press Arkansas high school football poll several weeks ago when Fort Smith Northside and Pine Bluff battled to a 3-3 tie.

At that time, Hall Coach C. W. Keopple said his players would not believe they were No. 1 until they had beaten Northside.

The moment of truth came Friday night at Fort Smith.

Hall, for the second week in a row, received all 11 first place votes. Northside was a solid second and undefeated Hot Springs remained a strong third.

North Little Rock's 3-0 loss to Conway caused a shakeup in the remainder of the poll. The Wildcats, who had been ranked fourth, dropped out of sight.

Hot Springs was followed by Russellville, Magnolia, Springdale, Little Rock Catholic, Camden Fairview, Pineks.

Fort Smith St. Anne's was beaten by an Oklahoma outfit and relinquished the top spot in the Class A ratings to Bald Knob.

Earle, unbeaten in eight starts, replaced Holly Grove, also unbeaten, at the top of the Class B ratings.

Here are the results of the Associated Press Arkansas high school football poll, with first-place votes and team records in parentheses and total points at right:

Bob Gibson Winner of Award

SAPPORO, Japan (AP) —

Bob Gibson, notified Monday that he had won the National League's Cy Young Award, went out to do what he does best — play baseball.

"I've got to play ball," Gibson said after learning that he was a unanimous choice of the 20-man selection committee as his league's pitcher of the year. The St. Louis Cardinals are on a tour of Japan.

The big right-hander compiled a 22-9 record in helping the Cards win their second straight pennant and set a major league earned run average low of 1.12.

"It's a great honor to receive the award," Gibson said. "It makes me feel great and deeply honored."

During the season, Gibson won 15 consecutive games, a club record, and had one stretch of 47 scoreless innings. He finished 28 of 34 starts, pitched 13 shutouts and struck out 268 batters in 305 innings.

Gibson capped the 1968 season by winning two World Series games but he was the losing pitcher against Detroit in the seventh and final game. In the opening game, however, he set a Series record of 17 strikeouts.

NEW YORK — (NEA) — Bob Feerick, San Francisco Warrior general manager, led the NBA in scoring in the league's first season ever. He averaged 16.3 points a game. Last season, that average would not have made the top 20.

Packers Again Beat Cowboys

By DENNE H. FREEMAN

Associated Press Sports Writer
DALLAS (AP) — Take it from the previously unbeaten Dallas Cowboys and former Green Bay coach, Vince Lombardi, there's absolutely nothing wrong with the world champion Packers.

With Monday night's 28-17 victory over Dallas before a national television audience, the Packers shot into a tie for the Central Division lead of the National Football League with Detroit — each with 3-3-1 records.

Lombardi said, "I never had any doubts" about Green Bay coming back from a series of early season reversals.

Dallas Coach Tom Landry said, "They made the big plays. Bart Starr was just great."

Starr, who only last week was on the sidelines for most of the game against Los Angeles with a pulled bicep muscle, rifled four touchdown passes and completed 17 of 25 tosses for 260 yards.

He hit Marv Fleming on scoring tosses of three and 32 yards and tossed for touchdowns 26 yards to Carroll Dale and five yards to Boyd Dowler.

Dallas quarterback Don Meredith, who suffered a broken nose when he was tackled by Willie Davis, threw touchdown passes of 18 yards to Bob Hayes and 27 yards to Craig Baynam. He had three throws intercepted and completed but 13 of 30 for 219 yards.

"The injury was a freak thing," said Meredith. "I'm sure he (Davis) didn't mean to."

Davis was assessed a 15-yard penalty for grabbing the face mask on the play.

"I didn't think Meredith was as effective after he got hurt," said Landry. "But it was a must game for the Packers and I don't want to take anything away from them."

"That's why they are a good team. They win the big ones."

Packer Coach Phil Bengtson said, "It was definitely a must game for us if there ever was one. No question about this being our best game of the year."

Landry said Baynam's fumble in the fourth quarter was the play that killed the Cowboys.

Ray Nitschke, Packer linebacker, fell on the ball at the Dallas 25 with Green Bay ahead 21-17. Starr immediately converted the break into a touchdown with a payoff pass to Dowler.

Dallas' record dropped to 6-1, which is good enough for a game lead over New York in the Capitol Division.

Griffin Is Favored Over Hayward

PHILADELPHIA (AP) — Emile Griffith takes on his second Philadelphia phenom in three months tonight and is favored to produce the same result.

Last August, the former midweight champion took all the sound and fury out of Gypsy Joe Harris' unorthodox style, administering a sound licking to the previously unbeaten Harris. Griffith meets Stan "Kitten" Hayward in a scheduled 10-rounder at the Spectrum this time around.

Hayward brings a 25-3-3 record with 14 knockouts. One of his three defeats was by Harris. Griffith has a 56-9-1 record and is marking time for another shot at Nino Benvenuti, who lifted Griffith's middleweight crown at Madison Square Garden last March. The 30-year-old Griffith has 20 knockouts to his credit.

Recruiting Curb May Be Forthcoming

ST. LOUIS (AP) — An amendment aimed at curbing the "intensity of recruiting" among prep athletes, probably will be considered by the National Collegiate Athletic Association.

Marcus L. Plant, president of the NCAA and a member of the faculty at the University of Michigan, said the amendment is likely to be on the agenda for the NCAA's annual convention at Los Angeles in January.

Plant is in St. Louis for the three-day meeting of the NCAA Council. He said the organization would also consider repeal of the controversial amendment that was approved last year by a slim margin. Plant said he has noted increased opposition to the change.

"This seems the one question that is going to generate the most heat. One motion is to amend the rule to reinstate the rule for schools with over 1,250 male students," Plant said.

Plant said roundtable discussions on ways of reducing collegiate athletic expenses would be held at the Los Angeles convention.

He said high school recruiting is a part of the expense question.

The awards dilemma—how valuable a gift an amateur athlete may receive—will be discussed today.

"For instance," said Plant, "can you give an athlete a watch, a color television, or a couple of color televisions."

Pure Hawaiians Are Fading Out

HONOLULU (AP) — When Captain Cook discovered Hawaii in 1778, there were an estimated 300,000 natives in the islands. Now only about 1,000 remain "pure" Hawaiians.

Robert C. Schmitt, state statistician, said Monday in the Journal of the Polynesian Society that by the end of 1967 there were about 130,000 inhabitants with at least some Hawaiian blood. The population of the islands at the end of last year was 786,600.

By THE ASSOCIATED PRESS

The SMU Mustangs take their

Southwest Conference football

lead to Longhorn country this

week searching for new believers

in their prowess. A mere

glance at their 5-1 record shows

there already are plenty of con-

verts.

Texas Tech became the latest

Mustang "believer" Saturday

when the Ponies galloped to a

39-18 victory to take sole pos-

session of the SWC lead.

It was the fifth victory in

six games for the Mustangs, gen-

erally thought of as a cellar

dwellers before the season started.

"Everyone says we're a kind-

ergarten school at SMU," said

Jerry Levas, the Ponies' ace

pass receiver. "Rich kids, you

know, I guess that's the reason

we're underdogs all the time.

No one has faith I guess."

"There may not be a lot of

people that believe in us," said

Chuck Hixson, SMU's sophomore

quarterback. "But we believe in

ourselves. I guess if we played

two jims we'd be the under-

dogs, but we come back pretty

good."

SMU will get a chance to prove

itself once again Saturday when

they play the Texas Longhorns

in another showdown. Texas,

ranked No. 13 in the nation by

The Associated Press has won

four straight since losing its con-

ference opener to Tech.

Levas and Hixson are the na-

tion's leading pass-catch duo.

In Saturday's game, Levas

caught 11 passes and scored one

touchdown. Hixson completed 29

of 50 passes for 236 yards and

two touchdowns.

While SMU was spoiling Tech's

homecoming, the Baylor Bears,

Minds Change Quickly in Politics

By THE ASSOCIATED PRESS

Sen. Eugene J. McCarthy, a leading antiwar Democrat who once said he could not endorse Hubert H. Humphrey for president, will make that endorsement today, a McCarthy aide says.

"It's just a matter of degree and extent," Jerry Eller, McCarthy's administrative aide, said Monday in reporting McCarthy would make the announcement at a Washington news conference.

Republican Richard M. Nixon, meanwhile, has urged voters to give him a decisive "mandate for change" in the election a week from today. Humphrey says the overriding issue facing voters is: "Whom can you trust?"

And third party candidate George C. Wallace says neither Humphrey nor Nixon would represent the South.

McCarthy said after losing the Democratic presidential nomination to Humphrey in Chicago that he could not endorse the vice president, and had refused to do so in public appearances since.

Humphrey backers said early in the campaign they counted on McCarthy's endorsement to help unify dissident Democrats behind the candidate.

Nixon said Monday the next president must bring an honorable settlement to the Vietnam war and he cannot accomplish that goal if he is elected only by part of the people or a section of the country.

"To convince our adversaries and our allies that the great American people stand united behind that leader," Nixon said in Albany, N.Y., "He must have their clear vote of confidence in November."

"Send us to Washington in number sufficient to do the work that must be done," he

said. Humphrey said in Cleveland, meanwhile, that the single most important issue in electing the president will be one of trust. "Whom can you trust," he asked, "to lead this country for the next four years . . . to win the peace . . . to hold this country together and end the arms race?"

Humphrey told workers in Pittsburgh the question they should ask about Wallace is whether he can do the job.

"Can he really run the government?" Humphrey asked in prepared remarks. "Can he keep our economy strong? Can he keep the workers on overtime and off unemployment lines?"

"He couldn't do it in Alabama — and I say he couldn't do it as the President of the United States."

Wallace asserted in Beaumont, Tex., that neither of the major party candidates would represent the South.

"We can't nominate a southerner for president or vice president on either of the national party tickets," he said, "and we don't get representation from those who are nominated."

In other political developments:

— GOP vice presidential candidate Spiro T. Agnew said the New York Times "pulled the major blooper of the campaign" in charging him with conflict of interest as Maryland governor, and discounted the Times' specifics one by one.

But the Times reprinted the editorial containing the statements Monday night and said Nixon's defense that the charges are "unsubstantiated" makes them not one whit the less valid.

— Sen. Edmund S. Muskie, the Democratic vice presidential candidate, said in Los Angeles the answer to America's social problems "is to reverse our field and to begin to trust each other once more."

— Curtis E. LeMay, the American Independent vice presidential candidate, said in Des Moines U.S. troops should pursue the enemy into Laos and Cambodian sanctuaries. He

said failure to do so is a major reason the war continues.

Bedloe's Island, site of the Statue of Liberty, had it name changed to Liberty Island in 1956.

The bidding and play of this hand in the final match between Italy and the United States went the same way for each team. Each East won the diamond opening with the king and returned a heart. West might have held South to his contract by cashing two heart tricks but each West tried to put his partner in with a second diamond, whereupon South ruffed, drew trumps, finessed successfully against West's king of clubs and discarded his last two hearts on dummy's long clubs.

We can't find fault with the defense. West was hoping to collect three hearts and two diamonds. He might have been a trifle optimistic but in International Match Point scoring the one IMP awarded for a 30-point profit is not likely to make or break your side.

We do sort of wonder if maybe West should have tried a five diamond sacrifice. If he had, his partner would have gone down one provided that South shifted to a club at trick two. Otherwise the favorable location of the hearts would enable East to run dummy's heart suit and eventually discard a club.

on the fourth heart.

It is far, far easier to sit back here in the States and criticize than it would be to take this save at the table in Deauville.

West could not be sure that four spades would make nor could he be sure that five diamonds would not be set three tricks. Change the North-South cards a trifle by trading South's queen of clubs and jack of hearts for North's ace of clubs and three of hearts. Five diamonds would still go down, but so would four spades.

BRITAIN'S ENOCH POWELL is often compared to America's George Wallace, but racism plays a very small part in the ousted shadow cabinet member's political philosophy.

He's More Like Wallace

By TOM A. CULLEN
European Staff Correspondent

LONDON — (NEA) — England, which has been hard pressed to match the United States in anything during the last few years, has at last met the challenge. The Americans may have George Wallace, but the British feel they have his equal in Enoch Powell.

While it's true that no national elections are in sight in Britain, the bushy-mustached Powell has been keeping his fellow politicians jumping by heating up England's mini-sized racial problem. Powell is a Conservative, but his Wallace-like posture on the racial issue has cut deeply into the solidarity of both parties. As the Conservatives held their annual conference in Blackpool, the fiery leader hoped to oust Edward Heath and come away with control

of the party.

Both the Conservatives and the Laborites are troubled by internal dissension. There is widespread dissatisfaction with Harold Wilson, the Labor prime minister, and with Heath, the Conservative leader.

In Wilson's case, the trade unions are furious at his prices and incomes policy, which has not only frozen wages but has taken collective bargaining out of union hands. This is added to the general discontent at Socialist policies, which have failed to get Britain out of the doldrums.

In Heath's case, the feeling is that he has been playing consensus politics and not hitting the Labor government hard enough where it hurts.

Powell's battle with Heath was viewed by some Conservatives as a fight for the party's soul.

Five months ago, Powell was virtually unknown as far as the British public was concerned, although he has been a member of Parliament for 18 years. Then in April he made a bombshell speech in which he predicted that "rivers of blood" would flow unless Britain restricted the entry of colored immigrants from Commonwealth countries.

Heath promptly fired Powell from the Conservative shadow cabinet on the grounds that his speech was an incitement to racism. Overnight Enoch became a martyr or a menace, depending upon one's political orientation.

Actually, Powell is no racist in the sense that most Americans say Wallace is. Control of immigration forms a very small part of Powell's political philosophy, though it has attracted the most working-class support, possibly because of emotional overtones.

It is as a free enterprise economist that Powell was expected to make his biggest mark at the Conservative conference.

Powell believes that all state-owned industries should be returned to private ownership. This includes the post office, British airlines, the nationalized railroads and the coal and steel industries.

Altogether, the state-owned industries account for 10 per cent of Britain's annual product, 20 per cent of its annual investment, which explains why much of the economy is sick, according to Powell.

Powell also favors a cut in direct taxes, reform of the trade unions to make them more responsible bodies, and an end to restrictive practices on the part of both labor and management. In that sense he's more like Barry Goldwater.

However, Powell has very little in common with Goldwater as far as background is concerned. The British politician is a peculiar blend of academic and military training.

The son of schoolteacher parents, Powell won a scholarship to Cambridge and seemed destined to remain a university professor until World War II changed his life.

The erstwhile Greek scholar rose in the ranks from private to general, learned to apply his knowledge of the Greek and Roman wars to organizing Britain's supply lines in the Middle East. He hoped to put his military strategy to good use in his attempt to oust Heath.

Politeness Prevails in Presidential Campaign

By TOM TIEDE
NEA Staff Correspondent

NEW YORK—(NEA)—Mud-slinging, as a political weapon, appears to have gone the way of spats and straight razors in this presidential campaign.

On occasion, Hubert Humphrey has referred to Richard Nixon as "a wiggler and a wobbler," but that's a long way from the days when William Seward called President Martin Van Buren "a crawling reptile."

The Van Buren age, historians point out, was perhaps

the hairiest of political times. Even staid John Quincy Adams suggested (in a diary) that Van Buren was the illegitimate son of Aaron Burr.

But the good old bad days seem distant this fall. Even with the passionate issues, the volatile record of some of the candidates and the heated temper of the times, the race has yet to offer up a juicy character feud.

Hubert Humphrey:

In Jacksonville, Fla., Humphrey called third-party candidate George Wallace "the enemy of the working man,

the disciple of hatred." In the Midwest he told an audience he "did not intend to let the memorial of John Kennedy be the election of Richard Nixon." Yet at the same time he has denounced Wallace hecklers and admonished his own listeners who boo Nixon's name.

Richard Nixon:

In Atlanta, Nixon called Wallace "unfit to be president." In Seattle he referred to Humphrey's record as "a poor one and bad for America." He has charged a chief Humphrey aide, Lawrence

O'Brien, with being a "hatch-etman," but he has not attacked the candidate. He has publicly told his workers to refrain from attacking personalities or loyalties.

George Wallace:

In several cities, Wallace has called Humphrey and Nixon "tweedledum and tweedledee," which is about as far as he goes. His way of insulting the opposition seems to be to ignore them almost completely. He seldom mentions either by name.

If the presidential hopefuls this year have conducted com-

paratively polite politics, so, on balance, have the vice-presidential nominees.

Spiro Agnew started out saucily. In September, he said Humphrey was "beginning to look like another Neville Chamberlain" and questioned the man's stance on communism ("soft"). Later, however, Agnew, except for some lapses, has religiously scrubbed his tonsils before every public appearance.

The Democrats' Edmund Muskie, on the other hand, started this campaign with a

milkish delivery but has since developed the subtlest style of the lot.

Muskie has said that if Wallace receives a substantial number of votes "we'll have nothing to cheer but fear." He has alluded to that "old Nixon disease, foot-in-mouth disease."

There is still time, perhaps, for dirt to fly. But few observers predict it. Anyway, there's plenty of time for that kind of thing after November.

general audience consumption, M for adults and mature young people, R for restricted to adults and children under 16 when accompanied by an adult and X for those films to which children under 16 will not be admitted at all.

Some Hollywood producers feel this is a good scheme, others disagree. But all are willing to go along with it and hope for the best.

Already, one film has chopped a seminuude scene in order to get a higher rating. Arnold Laven, director of "Sam Whiskey," says he ran it for the MPAA while they were in the process of formulating the code. The film had a bare-from-the-waist-up shot of Angie Dickinson.

With that scene in, Laven was told, the movie would get a rating of R. Laven substituted a tighter shot of Miss Dickinson—from the shoulders up—and got an M rating.

"I felt the scene was expendable," he says.

Mark Robson, currently producing and directing "Daddy's Gone a-Hunting," believes the new system is harmful.

"It will tend to restrict the artistic judgment of many filmmakers," he says, "one way or the other, without question, no matter what anybody says to the contrary. The American filmmaker will be penalized in cinema circles around the world."

was no whiz, either, and the public didn't seem to care. But these days may be different.

Producer Mary Murray, who had Brown in "Kenner," says he's "very good—a natural actor."

And Schwartz concurs. "He came prepared," he says. "and he knew and liked his part. Tom (the director, Tom Gries) got it out of him. Jim is a natural reactor, he goes by instinct."

"I think he's learning fast" says Robert Chartoff, coproducer with Orwin Winkler of "The Split." "He takes it seriously and wants to be good. I think his problem is that he's not sure, in his heart, if acting is a manly job."

While the consensus is that Brown will probably never be a great actor, his sex appeal is such that it doesn't really matter.

More and more, in his films, he is being given love scenes. So far, he has had none with an actress playing a white girl. In "The Split," he has some torrid scenes with Diahann Carroll, a Negro playing a Negro. In "Kenner," he is romantically linked with Madlyn Rhue, a white actress playing an East Indian. In "100 Rifles" there

"AN ANIMAL SEX SYMBOL, the first since Gable," is the way some filmmakers describe Jim Brown, shown here with Madlyn Rhue (top) in a scene from "Kenner" and with Raquel Welch, his costar in "100 Rifles."

Cong Control Has Dropped, Komer Claims

By JOHN T. WHEELER
Associated Press Writer
SAIGON (AP) — Robert W. Komer, who is leaving Saigon to become U.S. ambassador to Turkey for three months, claims the number of Vietnamese under Viet Cong control has been cut in half since he took over America's part in the pacification program. His critics disagree.

Komer, 46, arrived in 1967 with a mandate from President Johnson to revitalize the flagging pacification program. At the time the number of Vietnamese civilians classified as being under enemy control was

more than double present official estimates.

Using computers to rate the more than 13,000 hamlets in South Vietnam, Komer reported recently only 16.8 per cent of the civilian population was under enemy control, 66.9 per cent lived in "relatively secure areas" and the remaining 16.3 per cent was in "contested areas" where the Saigon regime and the Viet Cong were vying for control.

Komer's detractors, including upper echelon officials, say pacification has not really won over people in the countryside.

"We have no pacification program as such. What we call pacification is occupation," said one senior American with years in Vietnam.

Official reasoning is that there can be no successful end to the Vietnam war without winning the active support of the peasants so as to cut the enemy off from supplies, information and recruits. But critics of the pacification program say villages stay in the government camp only as long as guards are maintained in them. When the guard is withdrawn, the Viet Cong return and the inhabitants usually support them or sit on their hands.

Komer contends 9,600 Viet Cong military and political cadre have been killed so far this year. His opponents contend the program has not broken up the enemy's "shadow government" in the villages.

One intelligence source familiar with pacification said he can count on the fingers of his two hands the number of high-level Viet Cong political officers known to have been killed or captured. And these were immediately replaced, he said.

Komer, an old CIA hand, went to work on pacification at a time when the program was flagging amid Vietnamese indifference.

Komer brought vigor and intensity to the program and bruised quite a few feelings within the American bureaucracy in Saigon. He began his tour working with Maj. Gen. Nguyen Duc Thang, whom U.S. officials consider the ablest senior official Vietnam has produced. For a time it appeared that pacification might finally get off the ground, but corruption and official indifference sapped the effort. Finally Thang was forced

out and a man of far less energy and dedication took over.

An aide said Komer had not asked to be switched, but that he was "delighted with the appointment" to Turkey. He will be succeeded by his deputy, William E. Colby, 48, another CIA veteran.

Thinks HHH Is Gaining in Arkansas

LITTLE ROCK (AP) — Supporters of both the Democratic and Republican presidential tickets agree Vice President Hubert H. Humphrey is gaining ground in Arkansas but they disagree as to where he will finish in the Nov. 5 general election.

Former Gov. Sid McMath, chairman of Arkansas Democrats for Humphrey - Muskie, says a recent poll shows Humphrey with 35 per cent, third party candidate George C. Wallace with 30 per cent, Republican Richard M. Nixon with 24 per cent and 11 per cent undecided.

Glen Jermstad, the Nixon campaign manager, says both Nixon and Humphrey are picking up votes from the undecided and that Humphrey was getting more, but that he couldn't catch up.

Jermstad said a Republican poll showed Wallace ahead with Nixon running a "strong" second. He said it would be "close to a miracle" if Humphrey carried Arkansas.

He said the election would be a close race between Nixon and Wallace.

"Under no circumstances can Humphrey carry the state of Arkansas," Jermstad said.

McMath said the Democratic poll showed that Humphrey had moved five points ahead of Wallace in the last couple of days. McMath had said previously that Wallace was leading in Arkansas with Humphrey second and Nixon third. Don Mehlburger, who heads Humphrey's campaign in Arkansas, had said earlier that both Wallace and Nixon held an advantage over the vice president.

McMath said Humphrey was gaining support because many persons who planned to cast a protest vote for Wallace real-

Warns a Big Lift May Not Be Enough

By BOB HORTON
AP Military Writer
WASHINGTON (AP) — Gen. Lyman L. Lemnitzer has warned against total reliance on the Pentagon's "Big Lift" strategy of rushing troops from the United States in the event of a Communist, supreme allied commander in Europe, said the strategy drawn up under former Secretary of Defense Robert S. McNamara is "no substitute for forces actually on the ground."

He said Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, agrees.

Under McNamara's dual-basing concept of U.S. military aid to Europe, sizable U.S. forces have been withdrawn from NATO territory to the United States with the proviso that they are committed to the alliance and would fly back in any emergency.

Lemnitzer said the Soviet invasion he couldn't be elected.

Arkansas has voted Democratic in every national election since 1888 and they're not going to change next Tuesday," McMath said.

Jermstad refused to release figures from the Republican poll.

He said the big factor in the presidential race in the state was that the voters are "tired of the whole mickey mouse affair—they'd really like to protest."

vasion of Czechoslovakia showed that NATO forces must be available on the ground in Europe "if they are expected to conduct an effective forward defense."

The four-star general told the Association of the United States Army Monday that the invasion demonstrated how rapidly the Warsaw Pact can move in Europe.

"There is no doubt," he said, "that the movement of the armored division from Ft. Hood (Tex.) to Europe in exercise Big Lift in 1963 demonstrated an impressive breakthrough in strategic mobility. But it should be remembered that only personnel with individual equipment were moved."

This was a reference to the military exercise involving the air transport of 50,000 men aboard 235 planes from this country to West Germany five years ago in a demonstration of U.S. airlift capabilities. The move from continent to continent took 63 hours.

"While dual basing does not reduce the troop commitment to NATO, it does degrade our theater capabilities and therefore reduces our readiness to meet an attack with little or no warning," Lemnitzer stated.

Under the plan espoused by McNamara and approved by NATO allies in 1967, the United States has cut its forces in Europe by some 35,000 to around 200,000.

One reason for the withdrawal was the high cost of stationing troops in Europe; their return saves around \$75 million a year.

A campaign must—the corny setup, primarily for benefit of photographers. Humphrey confers with a party symbol; Agnew hoists hefty cheese to impeccable shoulder.

Battle Fierce for Governor of Illinois

CHICAGO (AP) — Supporters of third-party presidential candidate George C. Wallace may hold the key to an Illinois governor race matching two men whose biggest apparent differences are age and how often they smile.

The question is how many of them will vote for Wallace and go home, forgetting the state ticket," says an aide to Yale-educated Ogilvie.

Shapiro served 14 years in the state legislature before serving two terms as lieutenant governor behind Gov. Otto Kerner. When Kerner quit to take a federal judgeship in March, Shapiro moved up.

Ogilvie is a former U.S. special prosecutor of crime syndicate hoodlums and a Republican

intruder in Mayor Richard J. Daley's Chicago Democratic stronghold. Ogilvie barged into Daley's territory in 1962 with an upset victory in the race for Cook County sheriff. In 1966, Ogilvie, with Sen. Charles H. Percy at the top of the ticket, won the patronage-rich presidency of the Cook County Board of Commissioners. Both men are even on the law and order question.

CUBAN CAPERS: Castro's teens are running wild. Cuban hippies are burning flags, tearing down posters, smoking "imperialist" cigarettes, tearing down telephone poles and furthering prostitution. Recent teen refugee in Miami stated that the government's claim that the actions are "C.I.A. inspired" is total "poppycock." The 18-year-old girl flatly stated that young Cubans just weren't buying the Castro party line 100 per cent as they have for the past eight years.

TEAPOT TURMOIL: Anticipated devastation of graduate school ranks by the draft has failed to materialize. Final enrollment this year will be close to last year's. Last spring graduate school deans warned the draft laws would lay waste to their schools by taking 70 per cent of male students. Now a few deans admit that the "scare" stories were intended to pressure Congress to change the laws. Makes the "credibility gap" between academic leadership, students and taxpayers loom even greater than student protests would lead us to believe.

GOING OUT IN SMOKE. Association for Health, Physical Education and Recreation claims teen-age smoker shortens his/her life by eight years; that a million of today's teens will die someday of lung cancer. Estimates are that 15 per cent of 13-year-olds are on "weeds" and that more than half of 18-year-olds have entered the "terminal sweepstakes" of cigarette smoking.

DORIS DAY'S DAY: Recent teen poll of 13-17-year-old girls reveals Doris Day as No. 1 female actress. A landslide!

GROUP GAP! John Sebastian shifts chords after several years of pop-partnership with "Lovin' Spoonful" group. Now on his own, his independence is characteristic of trend that "springs" best lead singers and writers from lesser talent in their "groups." John worked with Mama Cass on her new album, and Steve Sills (Buffalo Springfield) and David Crosby (Byrds) are now working with Sebastian on his first solo album. Three of songs on John's solo album were written for a new Broadway play, "Jimmy Shine," starring Dustin Hoffman.

Seven Amendments Acts Face Voters on Ballot Next Tuesday

THE QUESTION OF CALLING A CONSTITUTIONAL CONVENTION FOR ARKANSAS

The voters are being asked to vote For or Against the calling of a Constitutional Revision Convention. If a majority of the voters vote for calling a Constitutional Convention the elected delegates to such a convention would convene in January 1969 to consider revision of the Constitution. Any proposals submitted by the Convention would be submitted for a vote of the people in November 1970. A vote Against the calling of a Convention would mean none would be held.

At the same time (November 5) the voters are asked to vote for delegates to a Constitutional Convention. These candidates for delegate are running on a non-partisan basis from House of Representative districts. In the event no convention is held, elected delegates do not serve.

INITIATED ACT NO. 1
An Act to amend the Workmen's Compensation Law.

The purpose of this Act is to increase the benefits to employees covered under Workmen's Compensation, by increasing the maximum weekly compensation to \$49. It would also remove the present limitations on the period of payment in cases of total disability and would allow the worker lifetime benefits. Costs of benefits paid under Workmen's Compensation are paid by the employer.

PROPOSED CONSTITUTIONAL AMENDMENT 53
An amendment to eliminate age restrictions on public education.

The specific intention of this amendment is to allow public funds to be spent for educating persons over 21 and under 6 years of age. It is permissible in that the General Assembly and/or local school districts are not required to educate these persons, but are not prohibited from doing so as under the present constitution.

REFERRED ACT 306
The Arkansas Dairy Commission Act.

This act provides for the establishment of a five-member commission to be appointed by the Governor and confirmed by the Senate. The commission is delegated the power to supervise, investigate and regulate the dairy industry. However, such power does not extend to health regulations. The commission has specific authority to determine the actual price paid by processors for raw milk and to require a processor to pay an "equalization charge" to the commission if a lower price was paid by the processor than that paid by competing processors.

PROPOSED CONSTITUTIONAL AMENDMENT 54
An amendment to permit the General Assembly to submit no more than 8 Constitutional Amendments to the voters at a regular session of the General Assembly.

The present Constitution allows the General Assembly to submit no more than 3 amendments to the voters. Under this proposed amendment the General Assembly could submit 4 proposed amendments on a majority vote of both Houses, and an additional 4 on a 2/3 vote of both Houses.

PROPOSED CONSTITUTIONAL AMENDMENT 55
An amendment to designate the county judge of each county as the administrative officer of the county. It will also remove bastardy, vagrancy, apprenticeship of minors and the juvenile court from the county judge's jurisdiction to the Chancery Court. Further, it provides that each Township shall elect 2 Justices of the Peace and such additional ones as may be provided by law. The General Assembly may classify counties by population groups, with the number of justices of the peace to be elected to be determined by such population classification.

REFERRED ACT NO. 457
Registration of Political Party Affiliation Act.

The purpose of this Act is to require a voter to state his party affiliation on his voter registration affidavit.

This Act was passed by the General Assembly, was vetoed by the Governor, was passed over the Governor's veto and would have become law except that petitions to refer this measure to a vote of the people put it on the November 5 ballot.

Computer School in Near Future

PASADENA, Calif. (AP) — The day may not be far off when junior will learn his Three R's at home under the prodding of the electronic schoolmarm who also can teach mom and dad a few things.

The reason he'll study at home, experts told a meeting of the National Academy of Sciences Monday, is that schools will have vanished—replaced by a network of computers cheaper and more efficient than present-day school systems.

Junior's teacher will be a console—one of thousands hooked up to a computer which will monitor his learning constantly, telling him instantly whether he has given the right answer. He won't have to wait hours or days for a test to be graded.

This means his learning speed will be limited only by his own ability, not that of his classmates. And he won't have to waste time going to and from school.

Dr. John I. Goodlad, dean of the Graduate School of Education at the University of California at Los Angeles, drew his picture of future education at the California Institute of Technology meeting. He said parents too will benefit from an electronic teacher in the home.

"With rapid advancement and rapid outmoding of knowledge," he said, "age becomes a poor criterion for knowing or needing to know. One can envision families of many age levels learning together from computer terminals in the home."

Dr. Ralph W. Gerard, dean of the graduate division of the University of California at Irvine, predicted the cost of a computerized system would be only half that of using teachers.

Budgets for Colleges Up 35 Per Cent
LITTLE ROCK (AP) — The Commission on Coordination of Higher Educational Finance recommended Monday that the budgets for the operation of state colleges and universities be increased 35 per cent in 1969-70.

The commission presented budgets totaling \$102.4 million for the next biennium to the Arkansas Legislative Council. The budgets do not include equipment needs and construction.

W. E. Darby, chairman of the commission, said the group had recommended general revenue requirements for all institutions of higher education at \$48,512,000 for 1969-70 and \$53,905,000 for 1970-71.

Darby explained that the recommendations for next year were compared with amounts expected to be received this year rather than with this year's appropriation of \$42.6 million.

E. L. Angell, executive director of the commission, said a study indicated that by 1980 about \$179 million would be required for physical facilities required by the state's colleges and universities.

He said the study had anticipated \$103 million being available from state funds or other sources and \$76 million from federal funds. He said, however, that a bill passed by Congress since the report was compiled provided for matching funds on a 50 per cent basis rather than 33 1-3 per cent and that the bill would make it possible for \$97 million to be provided by federal funds.

He said college enrollments in Arkansas had almost doubled from 1961 and that they would increase from the current enrollment of 37,000 to more than 42,000 by 1970-71.

The commission also recommended maximum salaries of \$32,000 for Dr. David Mullins, president of the University of Arkansas, and \$28,000 for Frank Broyles, football coach at Arkansas.

Mullins currently makes \$26,500 and Broyles \$26,000.

Other maximums recommended included \$18,000 for John Barnhill, UA athletic director; \$15,000 for UA head basketball coach Buddy Waller and \$11,600 for Tom Hardin, head track coach at Arkansas.

Recommendations for individual institutions were: University of Arkansas, \$20.4 million in 1969-70, \$22.5 million in 1970-71; Medical Center \$7.6 million in 1969-70, \$8.2 million in 1970-71.

Arkansas A&M college \$2.8 million in 1969-70, \$3.2 million in 1970-71.

Arkansas A&M College \$1.7 million in 1969-70, \$1.9 million in 1970-71.

Arkansas Tech College \$1.9 million in 1969-70, \$2.1 million in 1970-71.

Students Say Professors Too Liberal
By BIEIN
Louisville Courier-Journal

PIKEVILLE, Ky. (AP) — In a year when liberal college students across the nation are rebelling against conservative administrators, the inconceivable is happening at Pikeville College—conservative students are accusing their administration of being too liberal.

The students haven't taken to the streets. Nor have they threatened to take over the college administration building.

But the signs of a liberal-conservative conflict are unmistakable at the campus, which is dug into a mountain slope high above this eastern Kentucky city of 5,800.

The issues are the same as on many campuses: free speech, freedom in the classroom, the college's involvement in social problems, the impersonality of the education system, student dress and activities, and the college's response to change.

However, the sides are the reverse of what they are at other campuses—with the students taking a conservative position on almost every issue and the administration taking a liberal one.

Senior Dave Cleavanger, who classes himself a conservative, put it this way: "We must have the only right-wing student protest movement in the country."

The student conservatives, who seem to have a numerical upper hand in the 1,200-member student body, strongly support the Vietnam war and the draft.

As for the college, they feel that the administration of Pikeville's 37-year-old president, Dr. Thomas H. Johns, is too liberal and that Johns is attempting to change the institution too fast.

"We're taking education out of its box," Johns said. "We're addressing it to the 20th century."

Conservatives at this Presbyterian-affiliated institution aren't impressed.

Conservative students have accused Johns of ousting elderly faculty members and replacing them with teachers who have liberal leanings.

The college board of trustees has given Johns a vote of confidence but opposition by the conservatives continues. Said student council president Robert Ford, "We're not satisfied with

Yeast Money in Trust Fund
CINCINNATI, Ohio (AP) — A will left by the late Julius Fleischmann, whose family made a fortune in the yeast business, stipulated that half of his estate be placed in a marital trust for his wife, Dorette.

The financial worth of the 68-year-old Fleischmann, who died Oct. 22, was not disclosed.

He was the grandson of the founder of Fleischmann Yeast Co.

A cash bequest of \$100,000 was listed for a son, Blair S. Fleischmann, and \$50,000 for the younger Fleischmann's wife.

The will also provided several hundreds of thousands of dollars for various philanthropic and cultural foundations.

Ray to Claim Promise of \$15,000

By THE ASSOCIATED PRESS
The Nashville Tennessean says James Earl Ray, accused of the murder of Dr. Martin Luther King Jr., will claim he was "promised \$12,000 to \$15,000" to lead police away from the real killers and become the lure in the greatest manhunt in history.

Ray's biographer says the man accused of the sniper slaying of King in Memphis, Tenn., last April 4 was tempted out of a Canadian hideout months before the killing by a \$12,000 offer to make a mystery mission to Birmingham, Ala.

Author William Bradford Huie quoted Ray about the money offer in the first installment of a series which began Monday in Look magazine.

The Tennessean, in its Monday edition, said Ray will claim that he was only a "decoy" in a plot to kill King. The state of Tennessee contends that Ray was a lone assassin.

Ray, an escapee from the Missouri State Prison, goes on trial in Shelby County Criminal Court at Memphis Nov. 12 on a murder charge.

The Tennessean story, a copy-right dispatch by reporter Jim Squires from Memphis, quoted "sources close to the case" as

to the line of Ray's defense.

The newspaper said numerous sources have indicated "the defense will claim Ray played only a small part in a master plot so complex and far-reaching that even Ray does not know who masterminded it."

Apparently, no effort will be made by the defense to show who masterminded the alleged conspiracy, the paper said.

The Tennessean story said the defense theory is that Ray's movements in Memphis were designed to set him up as the killer to leave a false trail while someone else shot King.

Huie said Ray, who has been writing autobiographical notes in his jail cell in Memphis for use by Huie in a book, told him the money offer to leave Canada came from "a man whom Ray calls Raoul and describes to me as being a blond Latin about 35, and whom Ray took to be a seaman."

Huie quoted Ray as saying the proposition boiled down to this: Ray was to meet Raoul in Windsor and make several trips across the border from Windsor to Detroit, carrying packages with unspecified contents hidden in the car.

Ray would then sell the car and proceed to Birmingham where he would lie low, try to establish a false identity and await instructions by general delivery mail.

Raoul was to pay Ray's living expenses and go to Birmingham to buy Ray a "suitable car."

"After a few weeks or

months, after a little joint activity, Raoul would pay Ray \$12,000 and give him a passport and 'other identification' and help him to go 'anywhere in the world.'"

PARROT TOP would be ideal if fine-feathered hats came back into fashion, except that this one needs feeding. The gray parrot from Africa made itself at home on the girl's head during the Paris bird show.

Ministers Told Gambling Under Control

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller told a group of ministers Monday that he had brought illegal casino gambling under control although he had been told it couldn't be done.

Rockefeller also told the 50 ministers attending a meeting of the Greater Little Rock Ministerial Alliance of a political advertisement which appeared in Monday's editions of the Hot Springs newspapers.

The governor quoted the advertisement as saying, "Do we really want Hot Springs closed? If we do not, vote for Marion Crank."

Crank, the governor's Democratic opponent, also appeared before the ministers. He had lunch with the clergymen, spoke briefly and then answered questions. Rockefeller arrived during the questioning of Crank and was received warmly. He spoke about 25 minutes from a prepared text.

Sunday's edition of the Hot Springs Sentinel-Record carried a three-column advertisement which said, "Can Hot Springs Really Afford Rockefeller?"

One of the six points under the heading was, "Hot Springs closed, Little Rock Open?"

Duffie Searcy, chairman of the Carland County Democratic Committee, signed the advertisement.

Rockefeller criticized Crank

for 22 years, said he wasn't scared but was glad to find 20 or so policemen at headquarters when he drove up. Police arrested four youths and Lyles resumed his regular bus route with the remainder of the passengers.

CHARLOTTE, N.C. (AP) — A city bus driver locked all his passengers in the bus and drove to the Charlotte police station after a gang of youths in the vehicle robbed him of \$50 and his pistol.

James B. Lyles, a bus driver for 22 years, said he wasn't scared but was glad to find 20 or so policemen at headquarters when he drove up. Police arrested four youths and Lyles resumed his regular bus route with the remainder of the passengers.

At Watkins Glen, for example, site of the U.S. Grand Prix, outhouse burning is a popular sport. All-night parties in the infield areas run a close second.

Anticipating such high jinks, the local constabulary has given the law-and-order bit a new twist. Rather than going

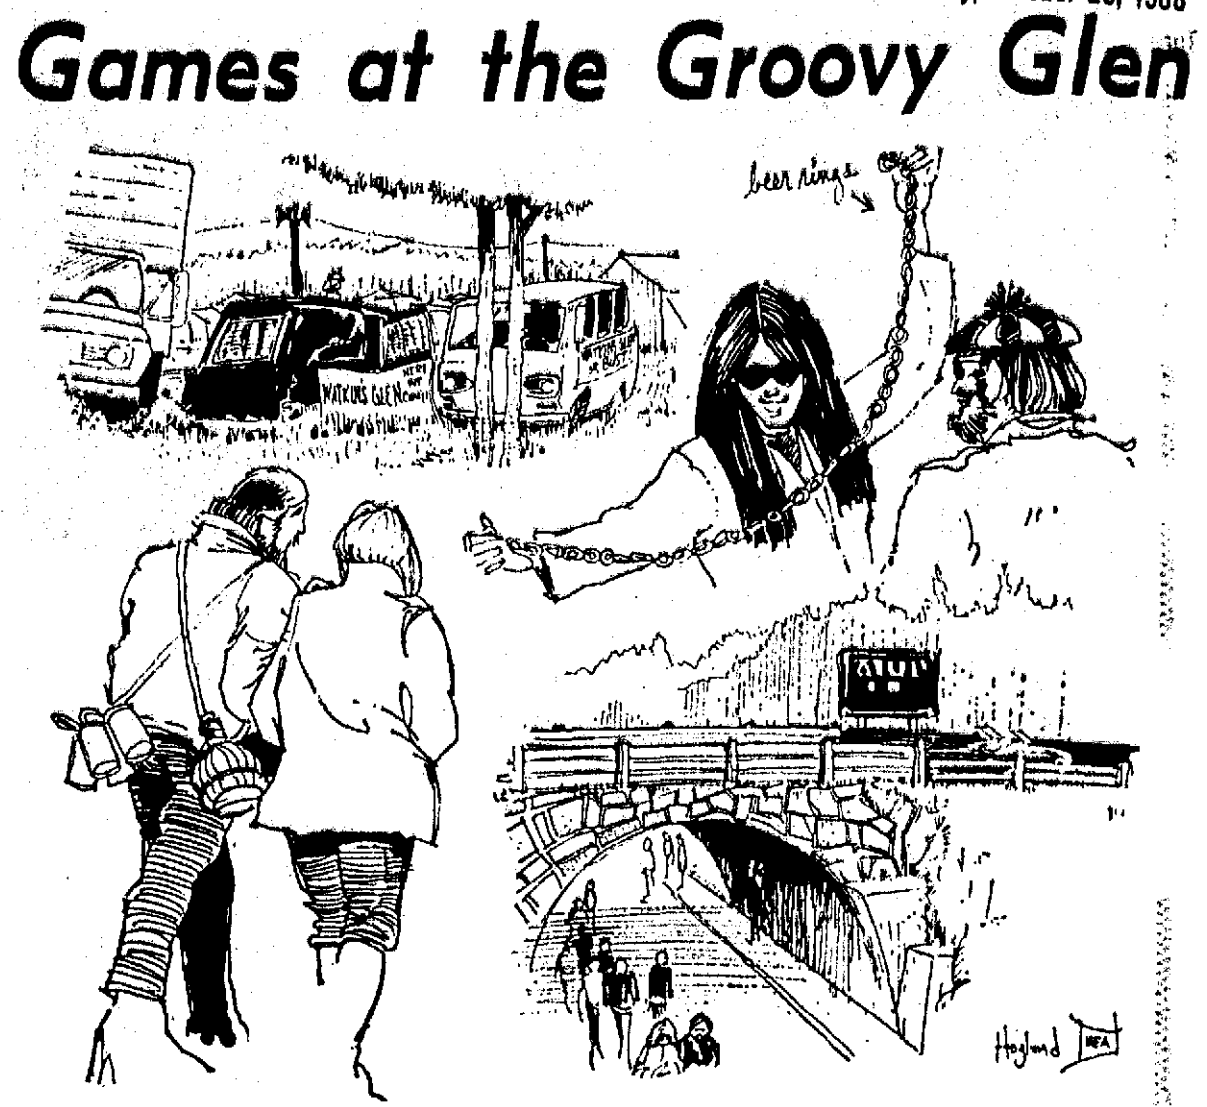

to the bother of hauling amiable lawbreakers off to the Schuyler County Court House, the hospitable magistrate simply brings the court to the circuit.

Speedy justice it is, too. Why, on one particularly active weekend the judge was able to dispose of some 200 cases in less than an hour.

Sort of like the Hanging Judge of old Texas. Only this chap is referred to as the Fining Judge.

Anyway, road race weekends are a lot more than a road race. Since, at Watkins Glen, lodging is practically unavailable, the young sports invade the circuit property

with tents, trailers and sleeping bags. The site is called the Animal Farm.

leave racing but are interested in people, the Animal Farm is a joy. The assortment of weirdos, hippies, shaggy students, fun-lovers, outdoorsmen, All-American types, gentle nuts and budget-watchers who inhabit the farm is beyond belief.

But this is not a Hell's Angels-weekend orgy crowd; the cross section is broad. The stickum here is at least a vague interest in racing and a definite interest in good times.

Elsewhere on the circuit, the people pickings are equally interesting. It would appear that nearly everybody at a road race feels duty-bound to return to home and hearth with at least a dozen rolls of exposed film. The amount of photographic equipment jugged around here is astonishing.

Forget about those Instamatics and Brownies, too. The real enthusiast wouldn't dream of operating anything less than a Nikon, Pentax, Rollei, Leica, Hasselblad or, for gosh sakes, a 16mm sound cine-camera complete with crew. And these are the amateur photogs. The professionals carry at least three. Of each.

Road racing spectators also have a thing about hats, the

crazier the better. In the Animal Farm, there are straw hats and brass hats, floppy hats and hard hats, Lenin hats and Teddy Roosevelt hats, bush hats and fireman's hats.

The tweedy promenaders in the pits wear Rex Harrisob hats or baseball caps emblazoned with the name of some automotive product.

Which brings us to the road race costume. Unlike other sports, which attract spectators garbed in more or less conventional gear (pants, shirts, belts, shoes, socks and such), a road race tears from the enthusiast his innate sense of commercialism.

If the observer is not decked in at least a half-dozen wearable items produced by manufacturers whose real products connect somehow with the racing cars, well, he is out of it.

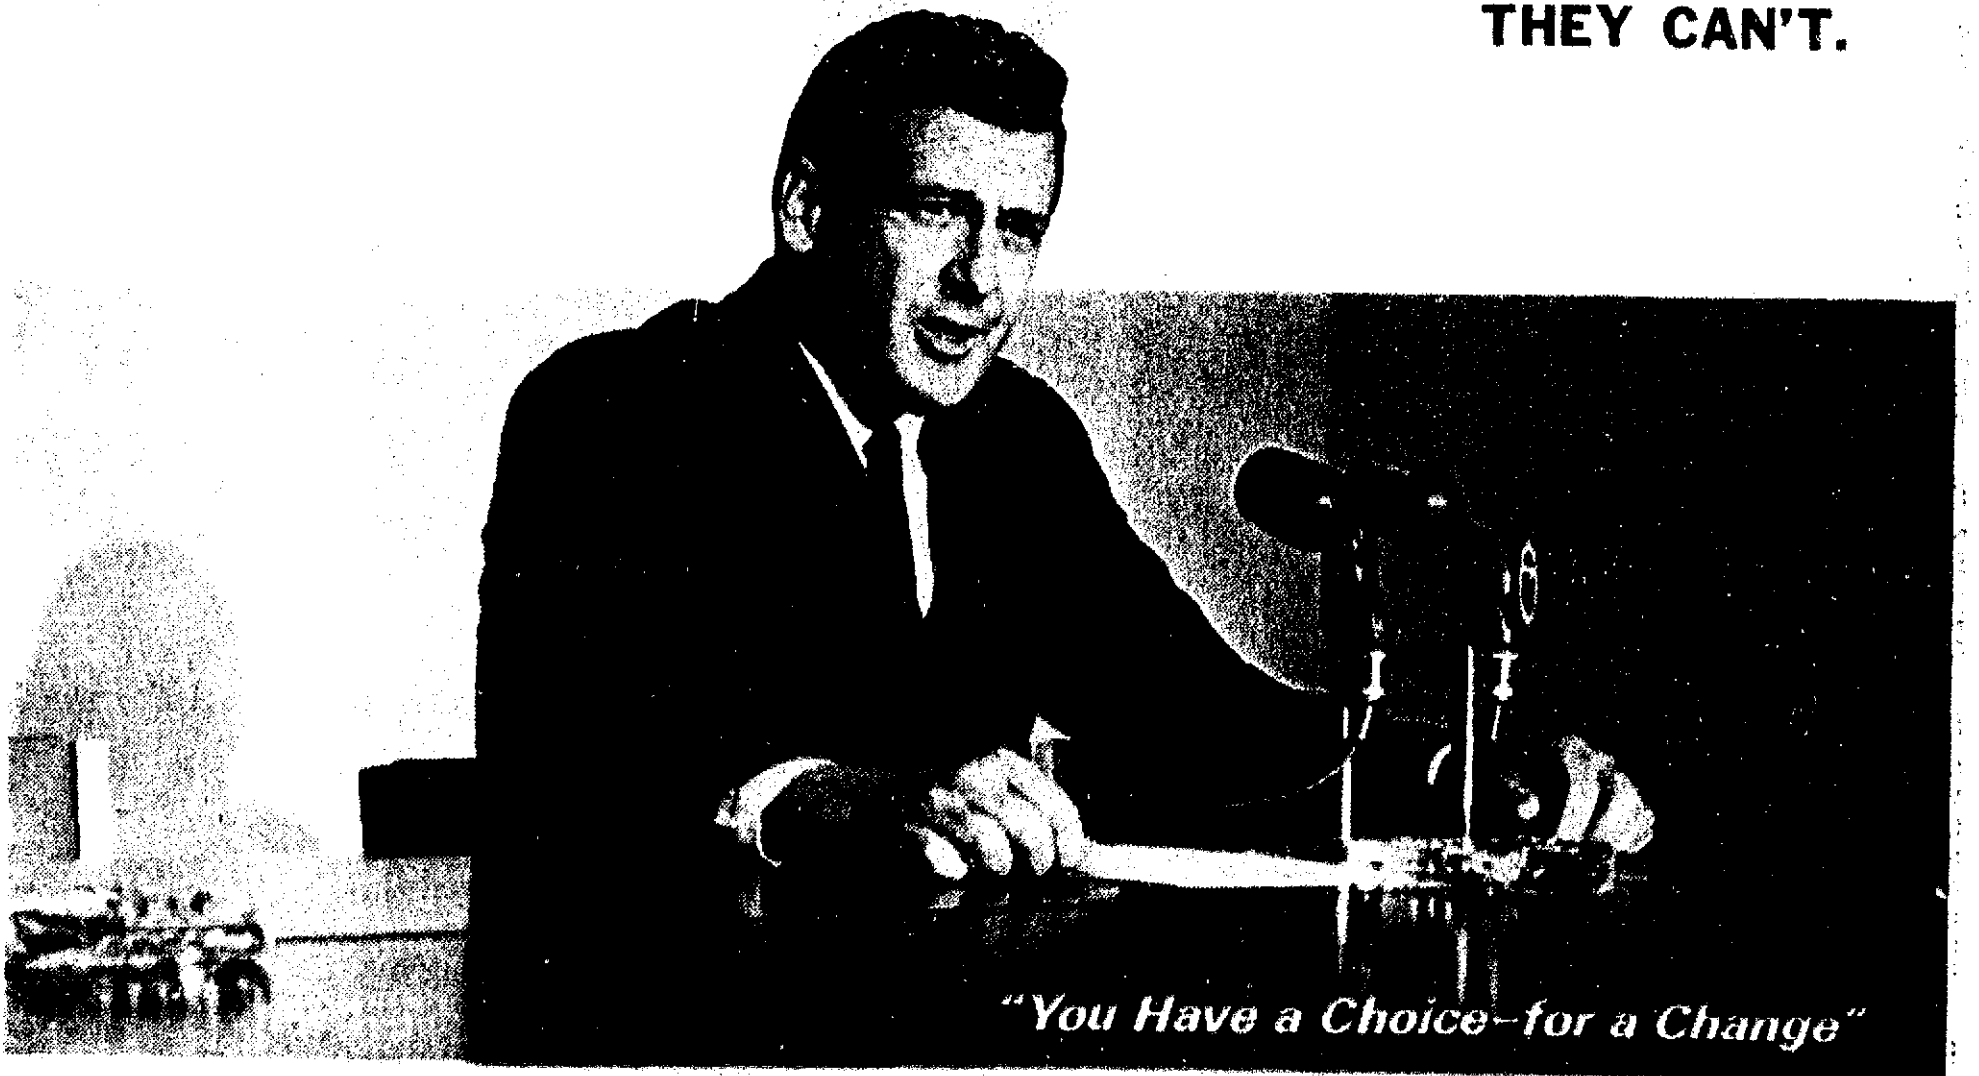

Goodyear and Firestone jackets, Lucas credential holders, Champion or Autolite hats, STP underwear, Shell or Gulf foul-weather gear, Esso tiger tails, Sunoco lighters, Bosch key chains are all over the place. But nobody—especially the manufacturers—seems to mind these walking advertisements.

sentatives. But this, too, is considered highly unlikely.

Humphrey is blanked or nearly blanked out in whole regions. Nixon leads in all eight Mountain states, in all five Plains states, in five of six Middle Atlantic states, in four of five Pacific states and six of nine Midwest states. As noted, Humphrey's only southern prospect, wobbly at best, is Texas.

The vice president's outlook for bettering his position is rated near zero everywhere west of the Mississippi River except in Missouri. He has no prospect of improvement in the South, and none in the rest of the midwestern tier, except for Michigan.

The Democrats' own polls, or other surveys which they respect, show Nixon ahead by huge margins in California (44-33), Illinois (48-32), Indiana (48-27), Wisconsin (50-33), Oregon (47-26).

The Democrats also concede much of the territory west of the Mississippi and

nearly the whole South.

A key Democratic strategist, scanning the campaign scene, told this reporter:

"I just can't see any daylight."

Indeed, the situation could get even stronger for Nixon as the campaign climax is reached.

With Wallace apparently cutting heavily into the auto workers' and other union vote, Nixon is a good bet to add Michigan's 21 electoral votes to his column. He plans hard campaigning there in the final days.

Nixon also is pressing Humphrey in his own Minnesota. In West Virginia (where a poll in the most populous sector gives the GOP nominee a slight edge), and in all three of the New England states currently allocated to Humphrey—Maine, Massachusetts, Rhode Island.

Nixon's electoral margin could grow still larger were he to take Tennessee, North Carolina and Florida from

Wallace in those close battles, and edge Humphrey in Texas.

Even if Wallace holds strength and pushes Nixon down in the contested southern areas, Nixon's chances of adding to his lead elsewhere are clearly very good.

Humphrey, on the other hand, is showing almost no comeback resilience. His campaign is said to be in a state of near-collapse in Illinois, Ohio, New York, California.

One of his California co-chairmen, legislative leader Jesse Unruh, recently unleashed an incredible blast against the Johnson administration. A top state Democrat, legislator Hugh Burns, has come out for Nixon.

The Humphrey high command has privately commissioned polls showing Humphrey with narrow leads in New York, New Jersey, Pennsylvania, Massachusetts, Michigan, Missouri, Texas. But experienced Democrats in many of those places question the figures, and even the vice president's own men find

Page Thirteen

them merely puzzling.

Unless Humphrey can in the final days execute a sharp reversal and take most of the big northern states, not to mention Texas, his chances of stopping Nixon is virtually nonexistent. He desperately needs the big blocks of electoral votes tied up in these states, since he has almost no backup strength anywhere else in the nation.

At this turn in the campaign the task seems insuperable and Nixon seems the sure winner with Wallace the likely runnerup.

Survey Gives Richard Nixon More Than Enough to Win

By BRUCE BLOSSAT
Washington Correspondent

WASHINGTON—(NEA)—Republican Richard M. Nixon holds a decisive lead over rivals Vice President Humphrey and George Wallace in the 1968 presidential race and could wind up with a smash-

ing electoral score.

In the first of two late-season surveys of the national outlook, NEA assigns to Nixon some 343 electoral votes—with 270 required for election. Independent candidate Wallace, former Alabama governor, gets 53. Democratic nominee Humphrey only 46 and some 96 are presently classed as

doubtful.

The canvass of top political party sources indicates that Nixon is ahead in 32 states. He leads in six of the eight largest northern states—California, Illinois, Ohio, Pennsylvania, New Jersey and New York. He has a strong chance in another, Michigan, which is listed today as doubtful. Only Massachusetts is given to Humphrey.

The two largest southern states, Texas and Florida, are in the doubtful category, but the race in Florida is between Nixon and Wallace. In Texas, alone among all 11 Old South states, Humphrey with the aid of a large Wallace vote has an opportunity to edge out Nixon and win.

Wallace, evidently certain to be the strongest third-party candidate since Theodore Roosevelt in 1912, is given six southern states—Georgia, Alabama, Mississippi, Louisiana, Arkansas and South Carolina.

His strength against Nixon puts not only Florida but North Carolina and Tennessee in the doubtful class. Wallace is also a threat in Texas and

in such border areas as Kentucky and Maryland.

Humphrey's outlook is the dimmest for a Democratic nominee since the late Adlai Stevenson's second run against Gen. Dwight Eisenhower in 1956. Currently the vice president is given just six states—Maine, Massachusetts, Rhode Island, West Virginia, Minnesota, Hawaii—and the District of Columbia.

In the six doubtful states, Humphrey is a strong factor in only three—Texas, Michigan and Missouri. Even if he won all these, it would add just 58 electoral votes to his indicated 46, giving him 104 and leaving him 166 short of election.

Top strategists in both major parties, and many independent political analysts, now consider victory for Humphrey in the Nov. 5 election a virtual impossibility. At the very most, they suggest he might somehow add enough strength to keep Nixon from achieving the necessary majority of 270 electoral votes and thus throw the election into the U.S. House of Repre-

Present allocation of electoral count among 1968 presidential contenders as indicated by NEA survey.

'Psyched' Flanker

NEW YORK—(NEA)—Clifton McNeil did not come flapping with silver wings from a distant cloud and land atop the NFL pass receiving list. It just seems that way.

The San Francisco 49ers' new flanker has been in the National Football League since 1963, but until this season has maintained an anonymity that makes Herbert A. Philbrick a flaming tattle-tale in comparison.

In September, McNeil was traded from the Cleveland Browns, where he sat twiddling for five years behind Gary Collins and Paul Warfield, to San Francisco. He reported in time to get in the final preseason game, against the Los Angeles Rams. Dick Nolan, the 49er coach, had been interested in McNeil for some time and immediately made him a starter.

McNeil, who is called variously "Spider," "Sticks," "Road Runner," "Whisper" and "Night Train," showed nearly as many moves as he has nicknames. And, finally let loose, he took off like a bat shot from a bell. He caught 10 passes for 198 yards, and one catch was a 77-yard touchdown. All he has done since then is continue this hokey showboating—and it's driving the league's pass defenders to the ragged edge.

McNeil has been on a kick, lately, of studying psychic phenomena and other forms of spiritualism. Appropriately enough, Clifton McNeil is himself a combination wraith, phantom and demon. And there are some who doubt this is the same Clifton McNeil who was with the Browns. To the uninitiated, this Clifton McNeil came out of nowhere.

"I sat down with the Brown management, with coach Blanton Collier and owner Art Modell," said McNeil, who speaks slowly, quietly and articulately. "and told them I didn't want to be a 10-year second-stringer. No arguments. No harsh words. Very businesslike, because they understood perfectly."

McNeil, who stands 6-2 and claims straight-faced that he weighs 185, is patient about opportunities. After being a high school four-sport star and a straight-A student in Mobile, Ala., he went off to Grambling College on a baseball scholarship. But he went out for the football team, anyway.

Coach Eddie Robinson, the football genius who has studied the pro leagues with Grambling alumni, demonstrated sagacity above and beyond the call of duty. He saw this lanky shadow with arms and legs walk onto the practice field. Immediately, Robinson shook it off. "You have got a baseball scholarship," said Robinson. "And you know who the baseball coach is, Ralph Jones. So beat it." Ralph Jones is also president of Grambling.

Soon, however, word of McNeil's exploits in intramural football began to bend Robinson's ear. McNeil was reputed to be the fastest guy on campus. Robinson's avarice overcame his politeness. He asked McNeil to suit up for the last intersquad game—president or no president.

McNeil caught three touchdowns of between 80 and 90 yards each. His baseball scholarship was changed to a football scholarship. Robinson, miraculously, is still at Grambling.

"My head is never bowed when I don't get an opportunity," said McNeil, seriously but not monastically. "I know it will come, and that I'll be ready. That's because I am always investigating myself and looking for answers."

"And it has much to do with my being religious. I don't believe in denominational worship. But I do believe in the spiritual world. If God exists, he lives in a world of another plane, and our perceptions can't seem to reach him. Yet I continue to search for a way."

Mixed Drinks Issue Before High Court

LITTLE ROCK (AP) — The Arkansas Supreme Court today received a motion that it wipe out a lower court order voiding permits under which private clubs have been selling mixed drinks.

The motion was made by attorneys for the Alcoholic Beverage Control Board, which issued the permits, called Class 6 permits.

Chancellor John T. Jernigan, ruling in a suit brought by Atty. Gen. Joe Purcell, held that such permits were invalid. He told the board to cancel those it had issued and to issue no more.

SAN JOSE, Calif. (AP) — Evelyn Whitehorn has told a draft board that her son Erik, just turned 18, will not register. One son, John, served three years in the Navy and another, Robert, turned in his draft card.

Mrs. Whitehorn, a divorcee of Palo Alto, said Monday that since Erik can neither marry nor own property without her consent, then he cannot be drafted without it.

"As he is still under legal age, I continue to be responsible," she said. "I will not allow him to be in jeopardy."

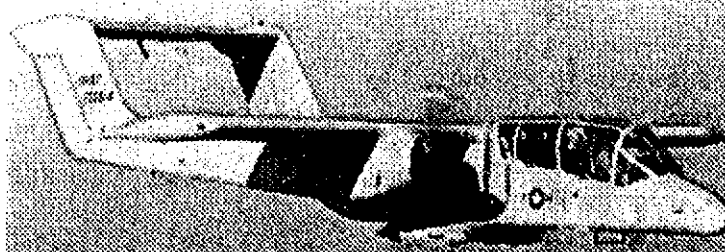

Mrs. Whitehorn was accompanied by Erik, Robert, 21, and a fourth son, Kalan, 14.

High Flying Bronco

A BRACE OF BRONCOS, decked out in Air Force gray (bottom) and Marine Corps green, undergo a final shakedown flight before being shipped off to war. This versatile aircraft is being used in Vietnam by both services to perform a wide variety of missions.

By CARL KOVAC
NEA Staff Correspondent

COLUMBUS, Ohio — (NEA) — There's a new war horse in America's military stable—a three-legged flying stallion that has the speed and agility of a steppeler, the strength of a Clydesdale and the docility, as far as its "riders" are concerned, of a kid's pony. And it's already kicking up its hooves in Vietnam.

It's the OV-10A Bronco, the first airplane designed, developed and produced specifically for the kind of war now being fought in Southeast Asia. Small herds of these versatile counter-insurgency aircraft have been delivered to Air Force and Marine Corps units and more are on the way.

Until the Bronco galloped into the scene, the air war over Vietnam was being waged by flocks of diverse

birds—jet attack fighters and bombers, helicopters, light spotter planes and vintage flying machines like the AC-47 (Puff, the Magic Dragon), a design which first saw the light of day as the DC-3 back in the late '30s.

A product of North American Rockwell Corp., the OV-10A fills what the military calls the "mission spectrum gap" between the high-and-fast and the low-and-slow.

The Bronco's wide speed range makes it an excellent escort for troop-carrying helicopters. The OV-10A can be throttled back to loaf along with its charges, but if the flight begins receiving ground fire, the twin-engine aircraft can break off, scream down on the offending gunners at better than 400 knots, zap its target with its four 7.62mm machine guns, rockets and bombs, then rejoin the choppers.

Jet fighters are too fast for

escort duty; light planes are too vulnerable and armed helicopters, once leaving a troop-carrying flight, are too slow to catch up again after engaging a ground target.

The Bronco can perform a variety of other missions, including close air support, visual and photo reconnaissance, and flare, cargo and parachute drops. It is designed to live with the troops. A STOL (Short Takeoff and Landing) aircraft, it can be flown out of small airfields, cow pastures or even from back roads. It operates on automotive or aviation gas or jet fuel, whichever happens to be available.

It has been little more than two and one-half months since the first OV-10A arrived in the war zone, but tales of its ruggedness are already making their way back to the United States.

"We heard of one pilot who flew into a tree while making a low pass," a company offi-

Tuesday, October 29, 1968

cial reports. "He returned to his base on one engine with part of the tree hanging from the wing and landed safely."

An official Marine Corps communique calls the Bronco "several aircraft wrapped in one" and lauds it for having "truly proven its value in combat."

Engineers say the Bronco could be converted into an eight-passenger civilian aircraft without changing the plane's basic design by adding larger engines and enlarging the fuselage. Just how much a basic or modified dove version of the military design would cost hasn't been worked out, but the present hawk models run about \$300,000.

One of these days the Bronco may take its place in civilian life, popping in and out of small airports, enhancing somebody's corporate image. But for the time being, it's serving double duty in the Air Force and the Marines.

They Don't Beat 'Em Anymore; Just Shoot 'Em!

Last Friday evening, in a televised debate with Democratic Candidate Marion Crank, Governor Rockefeller answered a question about the status and situation at the prison farm by saying (as nearly as we can recall it):

"We don't beat them any more, we don't starve them anymore, and we don't work them to death any more."

The plain implication was that all those things had been general custom previously but that a "humane" regime now existed.

BASED ON MONDAY'S GUNFIRE at the prison farm, one could ask whether it should now be added:

"Nowadays, they just shoot 'em, down there!"

News stories have drawn a fairly clear picture of what happened Monday, based on statements of Prison Superintendent Urban and Gary Haydis, an associate superintendent.

AS THEY RELATED the facts, they were: A group of prisoners had refused to report to work, unless certain "demands" were met. They were huddled in an enclosure. They displayed no weapons. They made no threatening moves.

They were ordered, after a long conversation, to report to the job. They made no move to do it.

The associate superintendent fired his shotgun into the air, according to one story. Some injured men said later no such warning shot was fired.

IMMEDIATELY AFTERWARD, he turned the shotgun — loaded with "birdshot" — on the group of prisoners. This was said to be from a distance of about 75 feet. Guards then joined in the firing from distances reported as about 200 feet.

Just what size the "birdshot" was wasn't made clear. Such shot can range from very tiny pellets to a size that will kill a flying duck at 60 to 70 yards.

TWENTY FOUR PRISONERS were reported "injured" by the eight shotgun blasts which were fired — one of them shot in the eye so deeply he had to be taken to Little Rock for surgery which, we assume, means he will lose the sight of the eye.

The degree of injury of the other 23 wasn't immediately made clear. They were taken to the prison infirmary.

WE OF COURSE MAKE NO DEFENSE of prisoners "striking" at the penal institutions. Discipline certainly must be maintained. But there are other ways of enforcing it. Turning shotguns on balky prisoners, as long as they were making no hostile move, seems to be carrying things to an extreme — especially under an administration which has constantly criticized the practices of former times.

We don't think it is "accepted" prison practice. Dispersal of such groups is generally done by tear gas or some similar tactic. Sometimes merely by letting the group sweat it out until they get tired of standing around unfired.

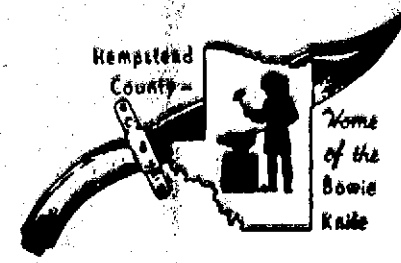

The man who allegedly fired the first shot is another of the "imports" to Arkansas — this time from California and also allegedly an "expert penologist."

WE HAVE TO ADMIT WE DON'T SEE any "expert penology" in the use of shotguns in such a situation.

The whole affair, it seems to us, calls for a close investigation — preferably by the legislative council — to find out what in the world is really going on at the prison farm.

For if shooting prisoners — under those conditions — is "prison reform," then we don't think Arkansas needs any more of it, and a general cleaning up of the situation at the prisons would be well in order.

Star Recommends Mixed Ballot When You Go to the Polls in General Election Nov. 5

When the issues warrant it we put the newspaper on the line with a marked ballot — and the general election next Tuesday, Nov. 5, is one of those times.

For what it's worth here is how your editor will vote: FOR PRESIDENT AND VICE-PRESIDENT — Richard M. Nixon and Spiro T. Agnew, Republican
FOR U.S. SENATE — J. W. (Bill) Fulbright, Democrat

FOR CONGRESS — John Paul Hammerschmidt, Republican

FOR GOVERNOR AND LIEUTENANT-GOVERNOR — Win Rockefeller and Maurice (Footsie) Britt, Republican

On balance of the ballot we will vote Democratic. Topping the referendum matters on the Nov. 5 ballot is an old familiar — a local option opportunity to vote Hempstead county legally wet. It appears on the ballot as "Proposed Initiative Act No. 1 — FOR or AGAINST the Manufacture or Sale of Intoxicating Liquors."

On this, of course, we will vote FOR — just as the newspaper has endorsed legal sales three times before. We won in 1936 and kept the county "wet" for 10 years; but we lost in 1946 and again in 1956 — now, after 22 years of trade competition with "wet" Texarkana, and open defiance of "law" here at home, perhaps we are ready for a wholesome change.

We'll explain our ballot positions in daily editorials between now and Election Day, starting today with our vote for Republican Nixon for President.

We are aware — as who isn't? — of the strong tide running in Arkansas and Hempstead county for George Wallace and his presidential bid. It represents a protest vote against both major party Establishments. I recognize the emotional appeal, as well I should — Star readers know that Wallace is saying on the stump what I've been writing about the federal government ever since the second Roosevelt administration. But can a lone fire-eating campaigner cut the mustard any better than a mere editor?

Ordinarily you hear an independent editor advising you to vote for the man rather than the party. But the office of

President of the United States is the exception that proves the rule. You have to consider the Establishment.

"Establishment" means party voting power in the Congress — without which establishment loyalty a President is a lone and powerless figure.

You should understand this — for America faces a critical hour and only the considered judgement of her people can save her.

To me the paramount issue in 1968 is the menacing federal debt which has climbed without a break all the years since World War II — gradually destroying the dollar and the people's savings as prices and wages sky-rocket. There's only one end to that story if we don't reverse it: Government default, devaluation, and possible dissolution — it's happened to every government in the history of the world.

It can be stopped only by choosing the Establishment which seems inclined to take on the disagreeable job of cutting back profligacy and waste — what one lone candidate says about it is immaterial, for without an Establishment he can't do the job.

You saw what happened to Barry Goldwater in 1964. He went beyond his own Republican Establishment — the Establishment quit, and Barry was just another lost dog.

Our republic was founded on a basic two-party system. There are times when a third-party threat is justified, of course. I voted for the late Bob LaFollette in 1924 when both the Republicans and Democrats nominated conservatives — leaving the citizen no real choice. You can't say that for 1968.

There is a real choice between the Establishments — represented by Nixon and Humphrey. You should choose between them.

Nixon can't promise a miracle overnight. He recognizes the lesson of Barry Goldwater — a lesson George Wallace ignores.

But Nixon offers hope of a new beginning for a bankrupt America.

I'll take the smaller promise and vote for the beginning of slow but gradual reform.

Sons Received Hospital Bills Tripled, No Money, Doctors' Fees Doubled, Claims Wells

LITTLE ROCK (AP) — Bill Wells, the Democratic candidate for lieutenant governor, says the names of his four sons were used on the legislative payroll, but that the money went to other youths from his area who served as pages in the Arkansas House.

Wells made the statement Monday in response to a charge by the state Republican party that his four boys had received more than \$4,000 while serving as pages in the legislature.

Wells' four sons — Bill Jr., Eddie, Keith and Allen — attended the news conference with Wells. He asked each if he received any of the money. All answered, "No, Daddy."

"This attack by hired political assassins should not be tolerated," Wells said. "I've never listed anyone other than my sons on the payroll immediately cashed the checks and paid my pages in Little Rock. I don't see how I can be criticized for it."

Wells also said that he would do the same thing again. He also said, in response to a question, that he assumed his family received tax refunds from the payroll deductions taken on his sons. He said later, however, that his wife had told him they had not.

WASHINGTON (AP) — Hospital bills have more than tripled and doctors' fees more than doubled in the past 21 years, according to a government report.

The overall rise in medical prices during the period was 50 per cent greater than the general rise in living costs, the Labor Department said today.

And the report had an answer for why few doctors will make house calls any more.

"With an overload of patients, physicians in some cases have tried to discourage the practice of making house calls by raising the rate for such service to a level that few patients are willing to pay," the report said.

The shortage of doctors and other medical personnel was cited as a major factor in the rise in medical costs, coupled with a rise in demand because of medical insurance that has made better care available to millions.

Drug prices have remained relatively stable, according to the report.

The report said that since 1946 hospital room rates have skyrocketed 354 per cent and doctors' fees climbed 107 per cent. All medical costs averaged out to a rise of 125 per cent.

This compared with a rise of 71 per cent over the same period for all living costs measured by the government, including

New Course in Teacher Strike Is Planned

By RAY KOHN

Associated Press Writer
NEW YORK (AP) — James E. Allen Jr., state education commissioner, said today if the city teachers strike which has kept more than a million pupils out of class for 23 days isn't settled today he will "propose a specific course of action."

He didn't spell out what he had in mind, but he has the power to take over the city school system.

Two previous peace plans proposed by Allen were rejected by the striking teachers union.

"Throughout this crisis I have emphasized the desirability of local action to resolve it," said Allen in a statement. "... if such a settlement is not arrived at by 4 p.m. today, I shall propose a specific course of action."

A union spokesman said further negotiation had been tentatively arranged, but "no firm meetings are scheduled."

A top mediator urged binding arbitration to get the schools open before next week's political elections.

food, housing, clothing transportation, recreation and medical care.

"The increasing demand for hospital services has forced hospitals to expand both their facilities and their staffs, pushing costs upward," said the report.

But while wage costs account for some 65 per cent of hospital operating costs, it is due more to a vast expansion in the number of workers than to high wages, the report said.

Advanced medical technology, more expensive equipment, and specialization by doctors — all adding up to better medical care — has also been responsible for some of the rapidly rising costs, the report said.

The report noted that doctors' fees rose 7.8 per cent in 1966, while dentists increased their charges only 4.6 per cent that year.

"One possible reason for the disparity is the fact that few consumers have health insurance covering dental care while over 80 per cent of the population has some kind of coverage for physicians' fees," it said.

Small Rise in the Cost of Living

WASHINGTON (AP) — The government reported today the smallest monthly rise in living costs in a year, two-tenths of one per cent.

Officials said, however, that 1968 is almost certain to wind up with the largest jump in prices in 17 years.

"It is safe to say the peak of the inflationary surge is past," said Arnold Chase, assistant commissioner of the Bureau of Labor Statistics, in reporting the comparatively small September rise.

The consumer price index for the month rose to 122.2, which means it cost \$12.22 in September for typical family goods and services that cost \$10 in the 1957-59 period on which the index is based.

The bureau also reported that the earnings of some 45 million workers climbed to an all-time high of \$110.49 per week due to a four-cent jump in average hourly earnings. It was the largest gain in two years.

Nixon Eager to Avoid a Letdown

By FRANK CORMIER

Associated Press Writer

DETROIT (AP) — Richard M. Nixon, eager to avoid any last minute letdown in the Republican victory, is urging party workers to get him an extra half vote per precinct — because "it could make the difference."

This was the message Nixon carried to the GOP faithful in Albany, N.Y., and Pittsburgh, Monday, before flying to Detroit for a series of three suburban rallies today.

The Republican presidential candidate told a Pittsburgh party meeting that an extra half vote in each precinct would have given him a victory in 1960 over the late John F. Kennedy.

Urging an 11th-hour drive to get those votes on Nov. 5, Nixon said, "It could make the difference this time."

Nixon said "this is the week that is." And he urged his listeners: "Don't panic in the face of personal attacks. Just crack them right on the issues."

The GOP candidate, appearing later before more than 14,000 in Pittsburgh's domed civic auditorium, noted this is Halloween week and predicted: "This week you're going to see a lot of tricks pulled out of the bag — these by the party on the other side."

The nominee also sought to stave off any letdown that might result from publication of national public opinion polls that might indicate a spurt for Democratic rival Hubert H. Humphrey.

"I never pay any attention to polls," he told newsmen upon arrival here. But his staff distributed to reporters two press releases reporting that Nixon-sponsored polls put him comfortably in the lead in eight key states.

The Detroit News poll, released Sunday, gives Nixon a one-percentage-point lead in Michigan.

McCarthy for HHH But to Quit Party

By JEAN HELLER

Associated Press Writer

WASHINGTON (AP) — Sen. Eugene J. McCarthy, D-Minn., announced today he will vote for Hubert H. Humphrey for president but indicated that he plans to leave the Democratic party.

McCarthy recommended in a statement that those who supported his unsuccessful effort to win the Democratic presidential nomination follow him in voting for Humphrey against GOP nominee Richard M. Nixon.

But he added: "In order to make it clear that this endorsement is in no way intended to reinstate me in the good graces of the Democratic party leader nor in any way to suggest my having forgotten or condoned the things that happened both before Chicago and at Chicago, I announce at this time that I will not be a candidate of my party for re-election to the Senate from the state of Minnesota in 1970. Nor will I seek the presidential nomination of the Democratic party in 1972."

McCarthy was elected to the Senate on a Democratic-Farmer Labor ticket. Presumably he could seek re-election as a Farmer-Labor candidate, if he chose to do so.

His assertion that he would not seek the Democratic nomination in 1972 left open the possibilities that he might decide not to run at all or that he would seek a third party nomination.

McCarthy, in announcing that he would vote for Humphrey, recommended that "those who have waited for this statement of my position do the same."

The endorsement comes after a week of increasing reports that McCarthy was ready to reverse the position he took after Humphrey defeated him for the nomination at the Democratic convention in Chicago.

He said then he could not support Humphrey.

It also comes, however, during a period in which Humphrey has not publicly changed his position on what have been reported as McCarthy's major conditions for his backing.

McCarthy has denied that there were any conditions for giving the endorsement.

But McCarthy has said that four positions would be relatively close to his stand.

These include a halt to the bombing of North Vietnam, inclusion of all elements in the government of South Vietnam, reform of the U.S. military draft and reform of the Democratic party.

Contractors Leasing Plan Costing U.S. at Least \$55.8 Million

By JEAN HELLER

Associated Press Writer

WASHINGTON (AP) — Defense work in 16 industrial plants will cost the Pentagon at least an extra \$55.8 million because the contractors lease rather than purchase their facilities, a new government study shows.

And if all the leases were renewed for continued defense work, the extra expense would jump to \$99.3 million, according to the report just released by the General Accounting Office, Congress' auditing agency.

The practice of leasing rather than buying land and buildings to perform defense work is widespread in private industry, GAO said.

The agency's auditors studied the operations of 17 private contractors in 20 locations and found what GAO called 63 significant lease arrangements — those where annual rentals totaled \$50,000 or more a year — in

PRAGUE (AP) — Czechoslovakia's Communist leaders traveled to Slovakia today for more 50th anniversary celebrations while the nation wondered what price the Soviet Union would exact for the 12-hour outburst of anti-Soviet demonstrations in Prague Monday.

Possible Soviet retaliation ranged from new attacks in the Soviet press to a new showdown between the Kremlin and Czechoslovakia's reform regime headed by Communist party chief Alexander Dubcek.

Battleship, Planes Hit the Enemy

By GEORGE ESPER

Associated Press Writer

SAIGON (AP) — American warplanes and warships, including B52 bombers and the battleship New Jersey, attacked North Vietnam's southern panhandle Monday with the heaviest blows in nearly a month, U.S. military spokesmen reported.

There were clearing skies across the panhandle, and Air Force, Navy and Marine jet fighterbombers flew 139 missions, the largest number since 143 were logged on Oct. 3.

"The attacking crews continued to concentrate on road and river traffic, interdicting the southward flow of supplies and material," a U.S. communique said.

"Assessment of their bomb damage shows at least 25 trucks and 19 supply boats either destroyed or heavily damaged while numerous fires and secondary explosions were touched off. In addition, storage facilities and bunkers were struck repeatedly and two bridges were dropped."

Meanwhile 30 B52 bombers, carrying a bomb load roughly equivalent to that of 450 fighterbombers, dropped 900 tons of bombs on enemy gun positions along the southern edge of North Vietnam.

Striking northwest of the allied combat bases at Con Thien and Gio Loh, the B52s touched off 27 secondary explosions and sent columns of smoke 4,000 feet up, indicating the bombs scored direct hits on munitions and fuel stores. The Stratofortresses penetrated six miles inside North Vietnam.

The chief targets of the B52s were anti-aircraft and artillery positions threatening the smaller fighterbombers and the Con Thien and Gio Loh combat bases.

"These are revetted artillery positions," said one U.S. source. "Even tactical fighterbombers can't knock them out but a concentration of B52 strikes can."

A tactical fighterbomber on the average carries about two tons of bombs. A B52 30 tons. But the B52s failed to knock out all of the anti-aircraft guns.

The New Jersey, the world's only active battleship, was called in and trained its huge 16-inch guns on the enemy positions. Marine pilots reported that the battleship's 2,700-pound shells destroyed one anti-aircraft site and silenced virtually all enemy fire at the time in the eastern end of the DMZ.

No significant ground fighting was reported. Allied forces reported killing 50 enemy soldiers in a half a dozen small skirmishes.

Bloodmobile Bank in County Is Far Behind

Bill Cross of the Hempstead Memorial Hospital Reported to Haskell Jones that for the first 23 days of October they had used 45 pints of Red Cross Blood for such examples as: Mrs. O. B. Lanken, Terminal cases and wrecks.

Nine pints were required for two wrecks this month. The blood is available because of a Red Cross Blood program.

Hope will have a Red Cross Blood program only if the residents of Hempstead county give Blood. Hempstead at Present is running a 177 pint deficit as of October 1st.

To encourage donors to sign up and be ready to give, the church women of Hope are serving at a sing-up center at Anderson - Frazier Insurance, Wednesday, October 30th. The women of the Episcopal Church will serve in the afternoon.

If you go by and please say it will enable local blood program people to make preparations for the visit on Monday, November 4th and Tuesday, November 5th. The women of the Baptist Church will assist on days assisting the program.
